break-in, cover up, transcripts, impeach?,

While we watched hearings on T.V., books about the presidency jumped to the top of the best-seller lists.

Not long after becoming Vice-President, Gerald Ford assumed the duties and problems of the presidency.

resign: it happened.

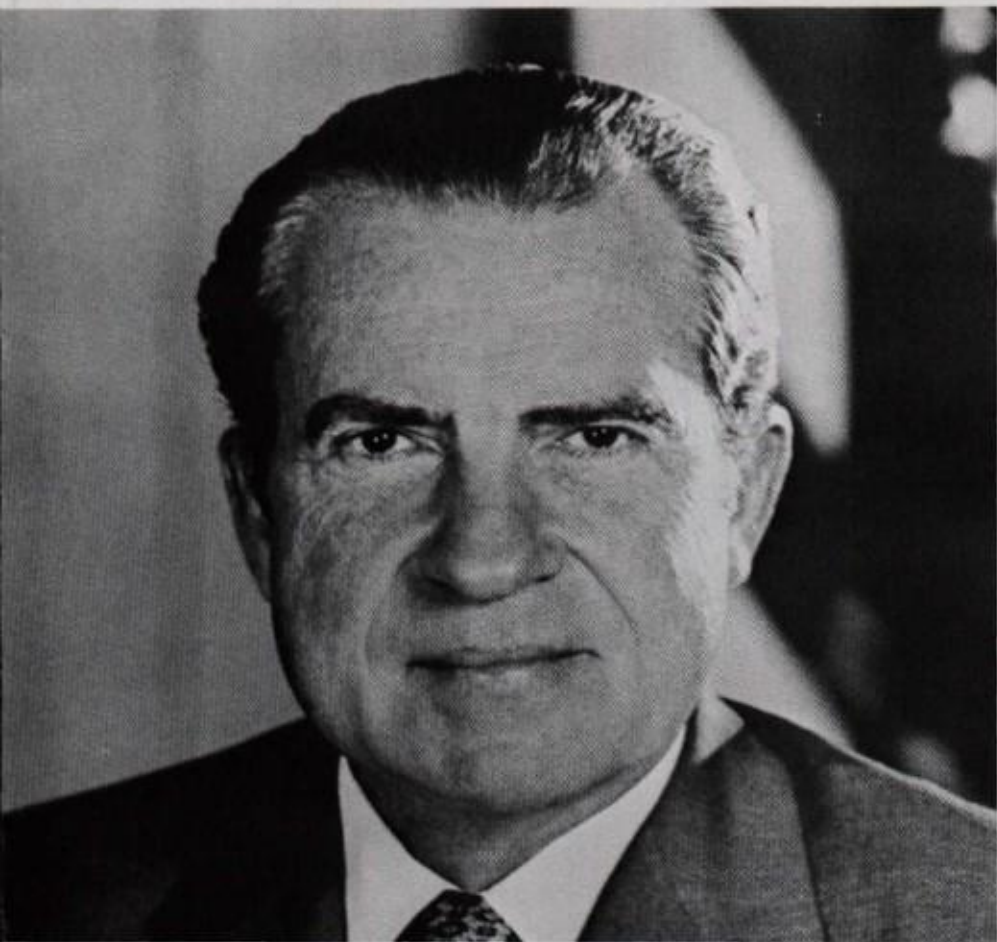

The past year was a historic one, not in the sense of fireworks and waving banners, but it was a year of startling discoveries.

For the first time we discovered ourselves with a non-elected president and vice president. Both had risen to the most powerful offices in the world because of the greatest upheaval in our national government since it began.

At first there were only rumors, jokes and suspicions. But as the investigations continued, people realized something had happened. A few hundred yards of tape convinced some there was wrong doing. More and more evidence was uncovered, but the case was still as controversial as when it began. After months of accusations and finally the indictments of his closest aides, Richard Nixon became the first President of the United States to resign. With the inauguration of Gerald Ford, a divided nation, exhausted from the turmoil of Watergate, looked for a new chance for recovery. But before complete confidence was developed in the new Chief Executive, he pardoned his predecessor for any wrong doing that might have occurred.

We can't change the history that's been made in the past year. We can only accept it and, hopefully, learn from it.

Richard M. Nixon, thirty eighth President of the United States, was the first to resign his office.

While we watched the government change hands from afar, the economy hit a little closer to home. Unemployment made jobs harder to find, especially for high school kids. Rising prices caused business to slow down in many local stores, until some employees were laid off. Lots of us who were getting a weekly paycheck saw it buy less and less.

We were all undoubtedly affected by some part of it. For example, a movie used to be a fairly inexpensive form of entertainment on a Saturday night. Dependable old levis cost twice as much as they used to. Inflation hit school with a sudden jump in snack bar prices, while tests continued to be printed on the backs of advertising sheets.

We were just a few of those complaining and worrying about the same things. Even though it was inconvenient, the only way we could help was to cooperate and hope things would return to normal.

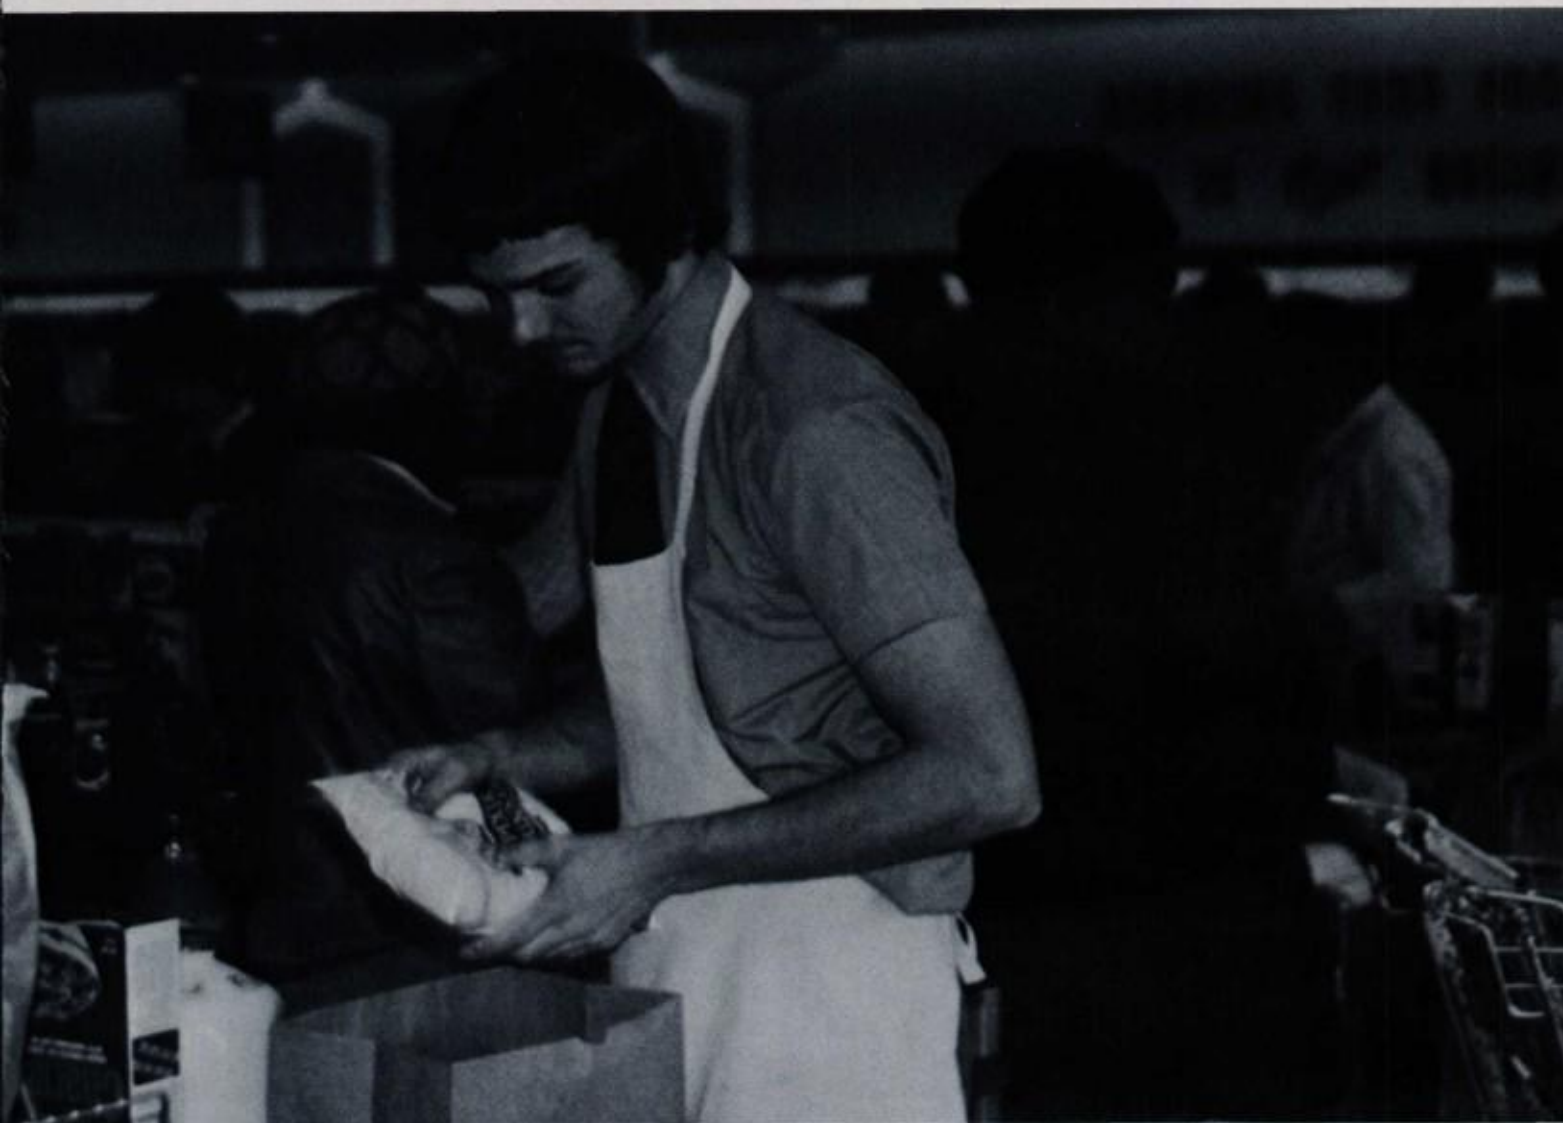

Clothing prices rose significantly. Senior Debby Hunziker checks prices at a local store.

No one thinks of it as a large town, maybe because it's home. But Peoria had a lot to offer in claiming only 4.1 percent unemployment compared to the nation's average of 7 percent.

We're a part of a community that we can really get involved in. A new Community Relations Club turned their efforts toward the renewal of a downtown home and sold candy for the Martin Luther King Project. On Thanksgiving Day, RHS football players joined other Mid-State Nine athletes in raising money for the John Molleck Run. Student Council brought a lot of cheer to some kids at the Allied Agencies with their annual Christmas party.

While many donated their time, there were others who held paying jobs. Even the part-time workers made up a definite part of the business community.

For everyone, jobs of all kinds helped give experience for future responsibilities, while giving Peoria a better understanding of us.

Peoria's low unemployment rate made it easier for high school kids to find jobs. Dwight Oliver spent his free time working at Eagle food stores.

We can make it happen

Athletes on any team gave Richwoods its highly respected name in sports.

Although most students are only aware of their yearbooks in August, the kids that put it together had a year-long job.

at Richwoods.

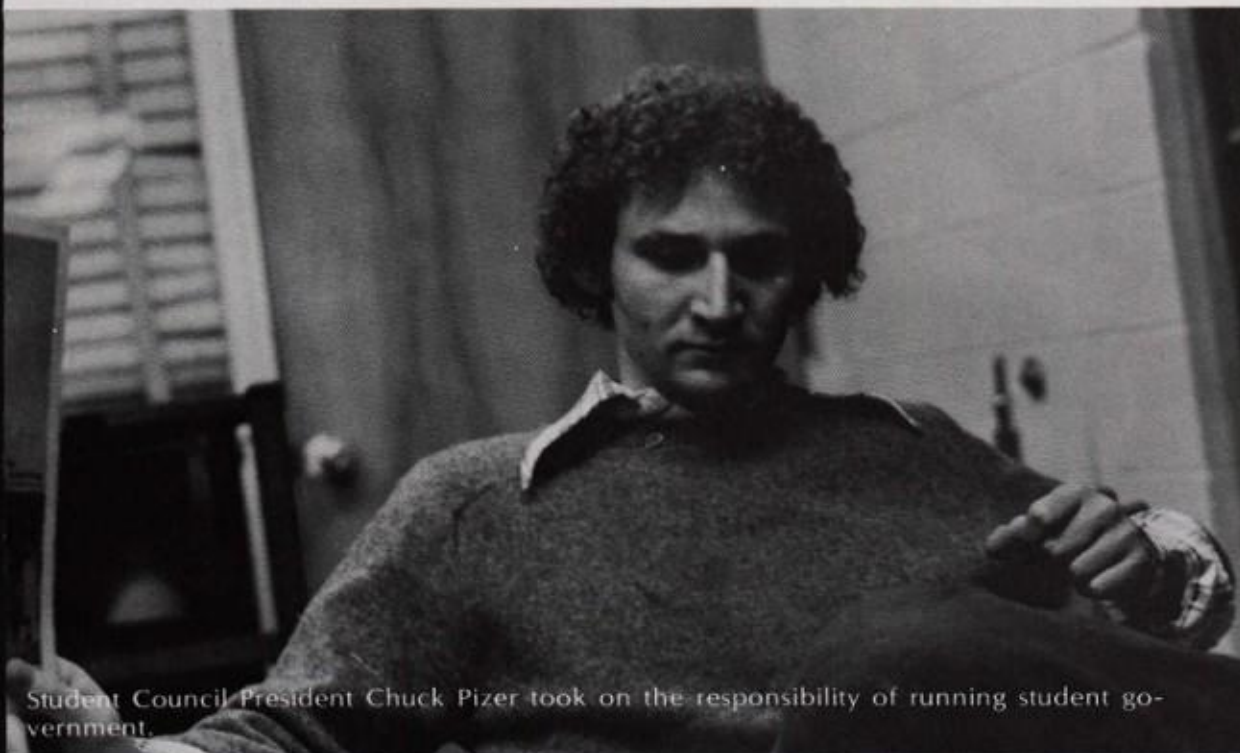

A medieval atmosphere was brought to Richwoods by the Madrigal Dinner held in December.

In reality, Richwoods is nothing more than a building, but with us it achieved a name known not only in Peoria, but around the entire state. We've made things happen at this school that have not only bettered our education but has given us valuable experience.

Many of us participated; many of us did not. But did we realize just what goes into a two hour dance, or newspaper, or year-book, or assembly? The kids who worked on these and many more projects took the responsibility of getting a job done. They learned, through their successes and failures, all the frustrations of getting it to work out.

The first Madrigal Dinner was made a great success by the music department. Numerous trophies captured by the speech and debate teams filled the main hall. Student Council continued the attempt to make school a little more "tolerable" by presenting in-school movies, assemblies, and dances. Our jocks helped to maintain Richwoods as a top contender in every conference race. For the most part, our athletic seasons were successful.

All THESE kids were what made things happen.

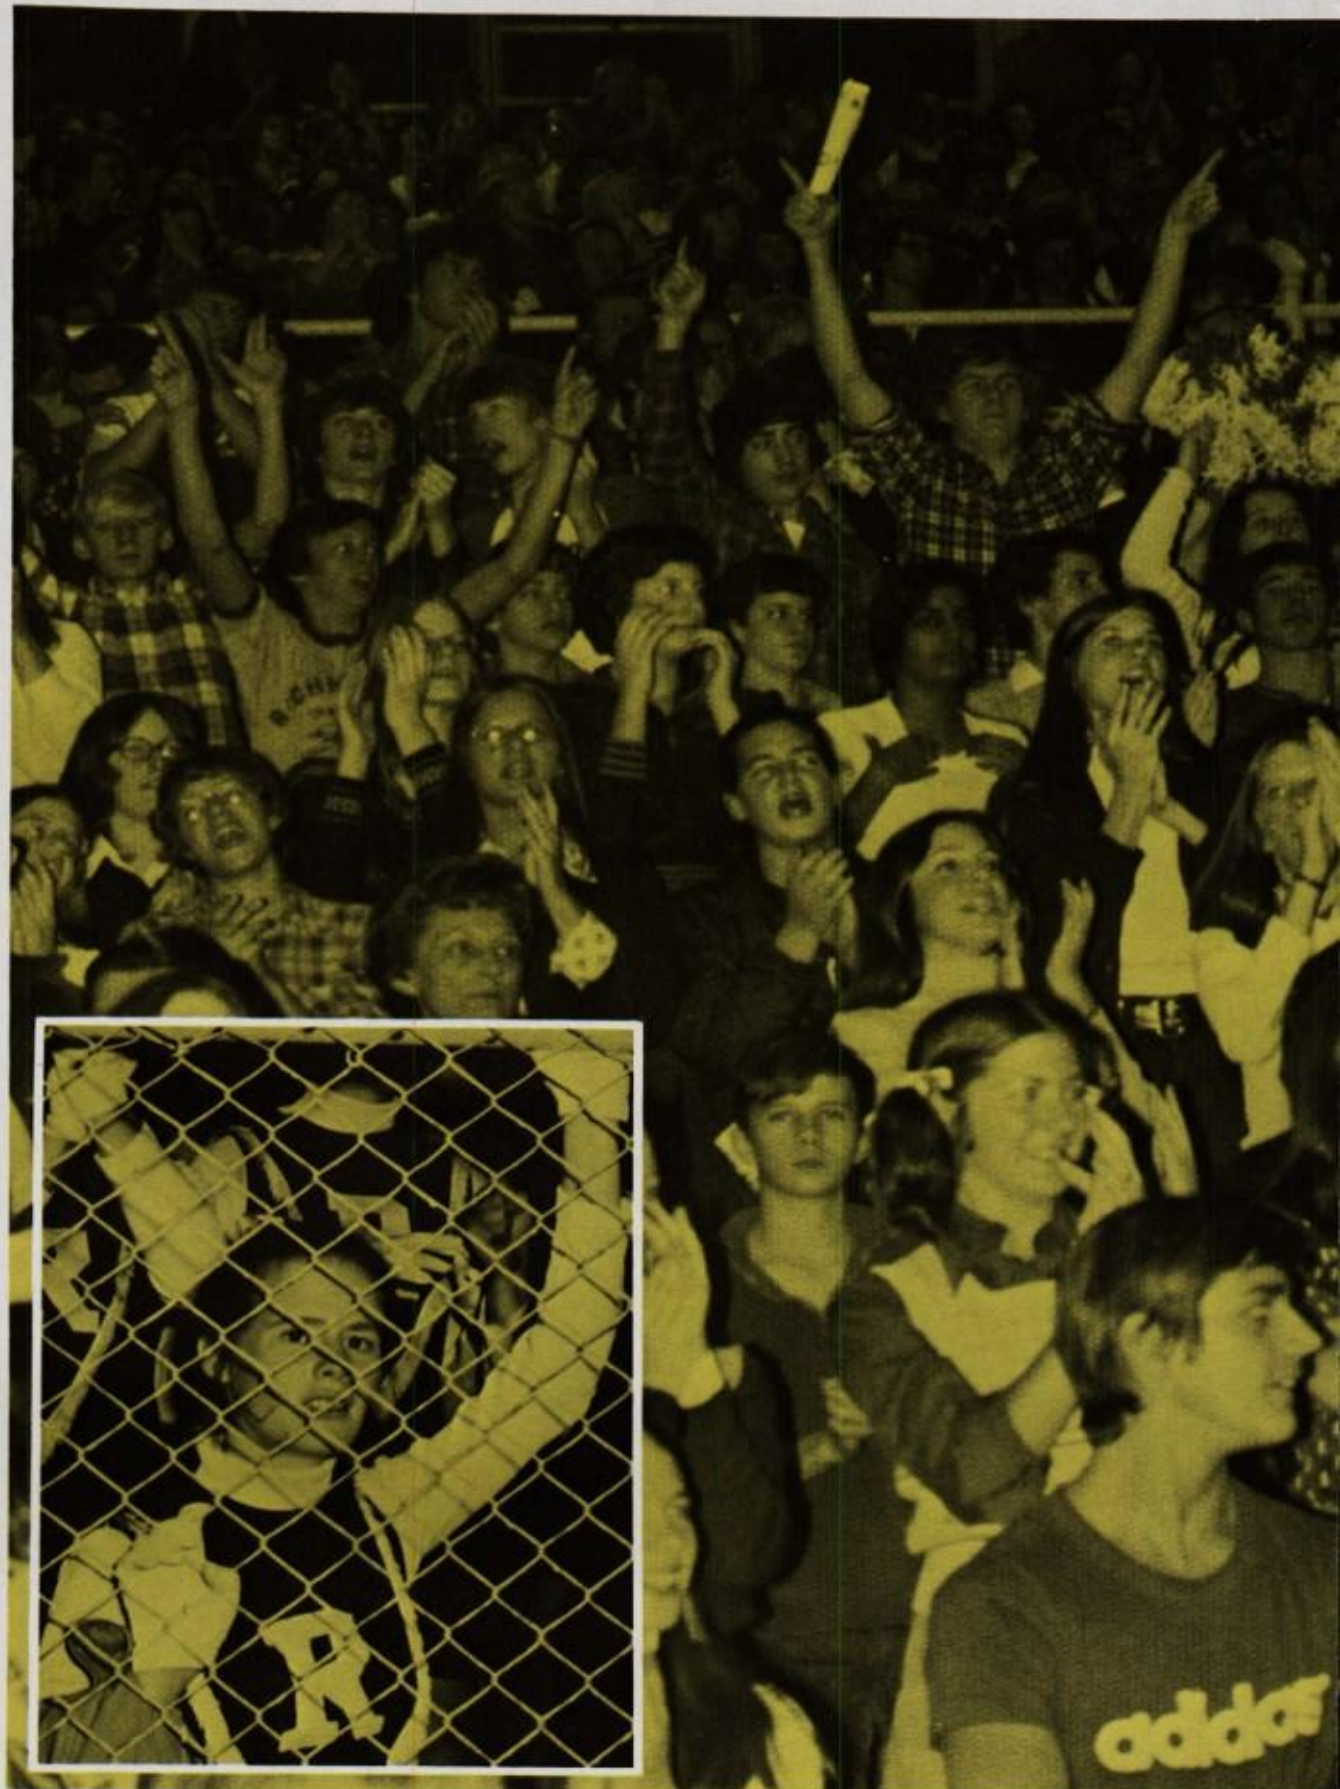

Student Council President Chuck Pizer took on the responsibility of running student government.

We can make it

Desire and attitude: they're related to anything that we want to do. It's because of them that we decide what we're going to do and how well we're going to do it. But even with the right materials, ability, and leadership, without the right attitude, nothing's going to happen.

Our daily encounters at Richwoods were no different. Overall spirit grew immensely for our successful teams, but like any school there were those sports who attracted little attention.

But having the "spirit move ya" is by no means just the "rah-rah" of a game. Spirit's an idea we apply every time we want to accomplish anything. Whether it's the roar of a championship basketball game, or just trying to pass a test to graduate, if the "spirit moves ya", you can do it; you can make things happen.

if the

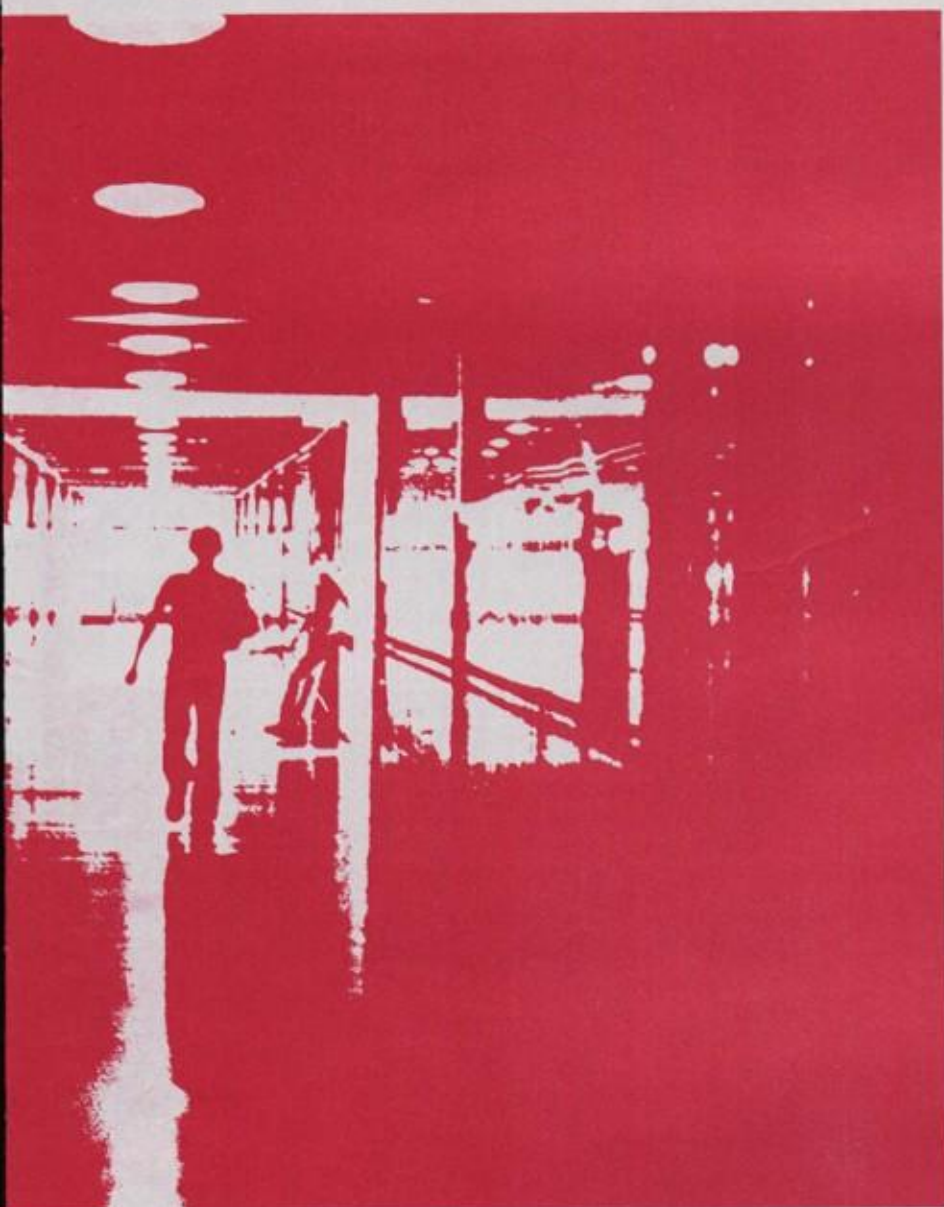

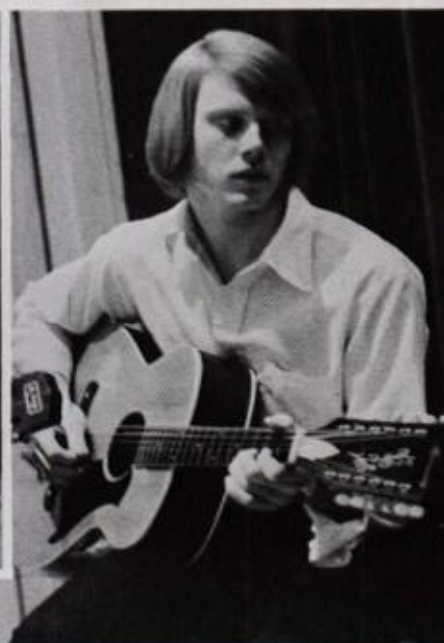

happen

SPIRIT moves ya.

**We can
make it happen**

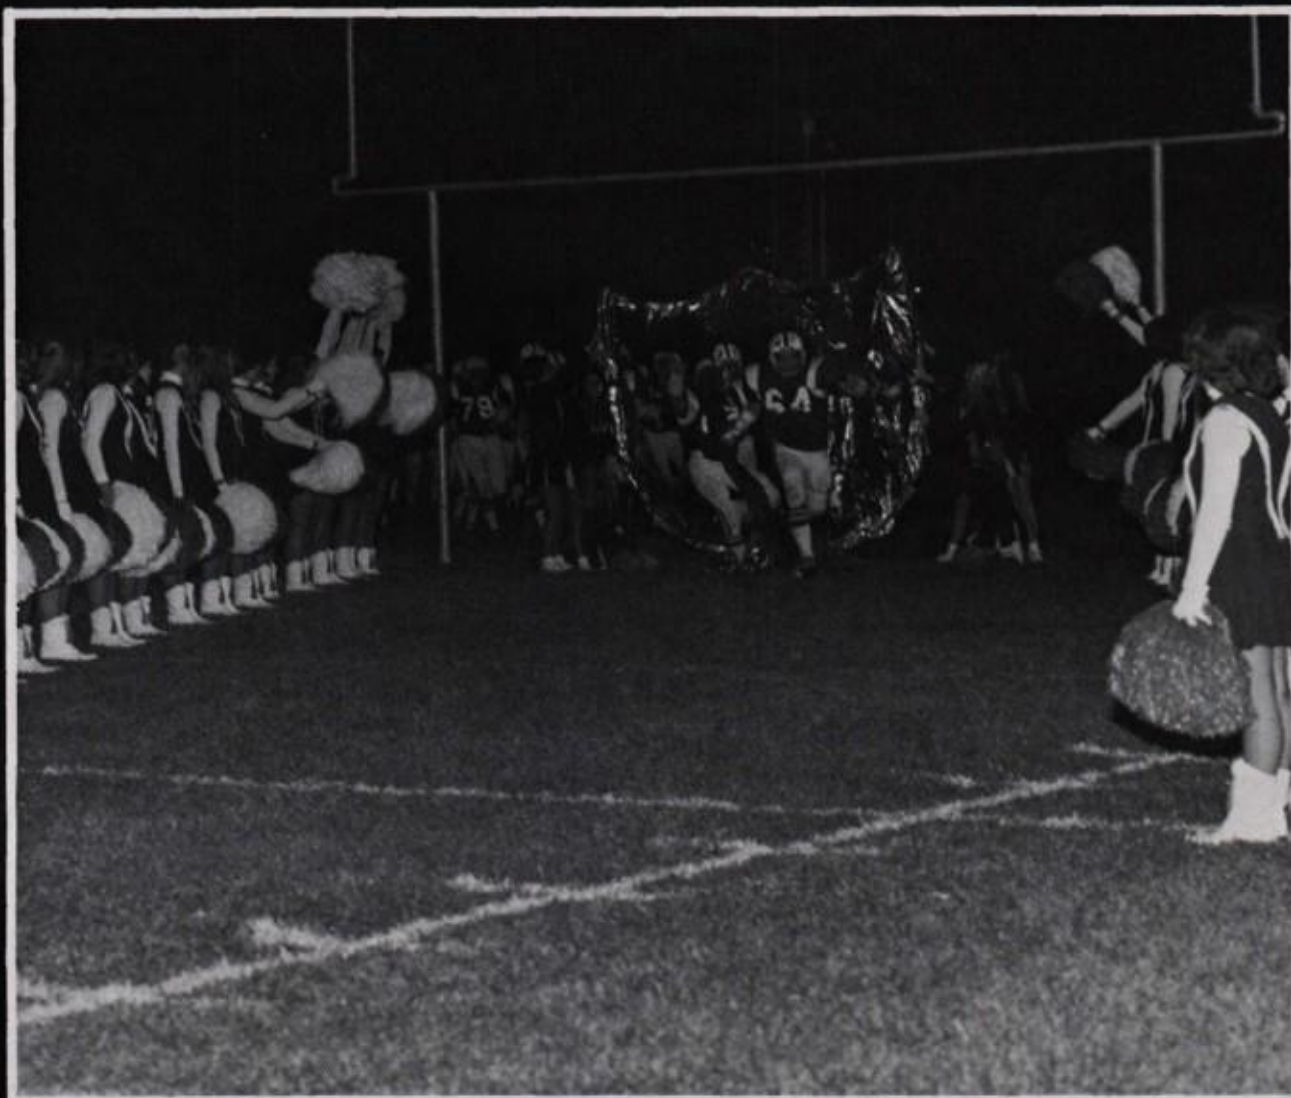

"We can make it happen". It sounds just a little too idealistic. It only looks at the positive side of 74-75, and though that's usually what we like to think about, it wasn't the whole story. There were some darker moments that made the pleasant ones even more worth remembering.

The crises that have arisen in the past year weren't small ones. They influenced not only the United States but the whole world.

Yet the everyday routine at Richwoods seldom faltered. Somehow not much has changed. Although everyone was affected by the problems, there was optimism. But what does affect us is the future. Chances are the difficulties prevailing now will not miraculously disappear. Solutions evolve from individuals; results come from what we do to make them reality. Bright, new realistic ideas are what we need but it's up to YOU to make it happen.

but it's up to YOU.

Throughout Summer And School

Summer vacation and freedom appear to be synonymous to a number of Richwoods students. A time of leisure and a rest away from the pressures of school. Homework assignments, term papers, teachers, rules and restrictions seem to be great hassles to many.

During the school year, however, students may not realize the many freedoms we do have included with our education. Such things as open study hall, a smoking area, seventh hour release, few restrictions on dress code, optional finals, and a choice of English mini-courses have only been part of the curriculum for the past few years. They entered Richwoods because the administration felt the student body could handle the responsibility. These freedoms may leave in the years to come, but not if students show maturity and take advantage of them. Surely, summer bring a nice break from school, but let's not ruin the privileges that we have been given by persons who believe we can cope with them — without taking them for granted.

Happiness is — walking down an empty hall after a hectic day.

Posters, assemblies, chilli, laughs, dates, mums, elections, and excitement — Homecoming 1974. It began with a PTS sponsored chilli supper followed by a feebly-attempted stunt show! Though this year's skits were a bit unorganized they did spark spirit throughout the classes — especially the sophomores, who ran away with the winning skit Thursday night and the spirit stick at the pep assembly Friday afternoon. Excitement built up for our game that night against Central. Despite our loss, spirits were still high. The homecoming activities drew to a close Saturday night with the dance reflecting the days of knights in shining armor — "Knights of the Round Table." Music was provided by "All-Star Frogs."

Everyone will agree that the most exciting climax to our homecoming was half-time Friday night, when we all sat on the edge of our bleachers waiting for that special announcement. Then with a scream of delight, Diane Tillhof was crowned as our 1974 Homecoming Queen. The warmth and excitement of her smile displayed the emotion felt by all as she later reigned over the dance.

At this moment happiness could never be measured.

What is natural to the average or not-so-average RHS student? Stacking lockers, couples in hall corners, food fights at lunch, study hall nonsense, giggling in the library, strange note passings, running into class three seconds late, poster-filled halls, places and faces every minute of every day. Everyone's caught in the act — doin' what comes naturally.

Doodling can be defined as scribbling in an aimless way, but to many RHS students it can be expressed as an art. Over desktops, on tattered notebook covers, as an added attraction in a boring text, a reminder on the thumb, as a cheat sheet pinned under a skirt hem, doodles on jeans and tennies ... well, you name it and an RHS student can find a way to make it more interesting ... just doodlin'.

A skillful presentation of the classic tragedy, "Cyrano de Bergerac," was given on the two nights of November 22 and 23. This year's fall play was directed by a new face at Richwoods, Mr. Steve Peters. Throughout the evening the audience was treated to a touch of comedy, dueling excitement, love scenes, and many powerful speeches. The leading role of Cyrano, the unacknowledged lover of Roxane, was portrayed by Thom Thomas. The cast and crews later in March had a chance to compete in district competition at Pekin as our contest play.

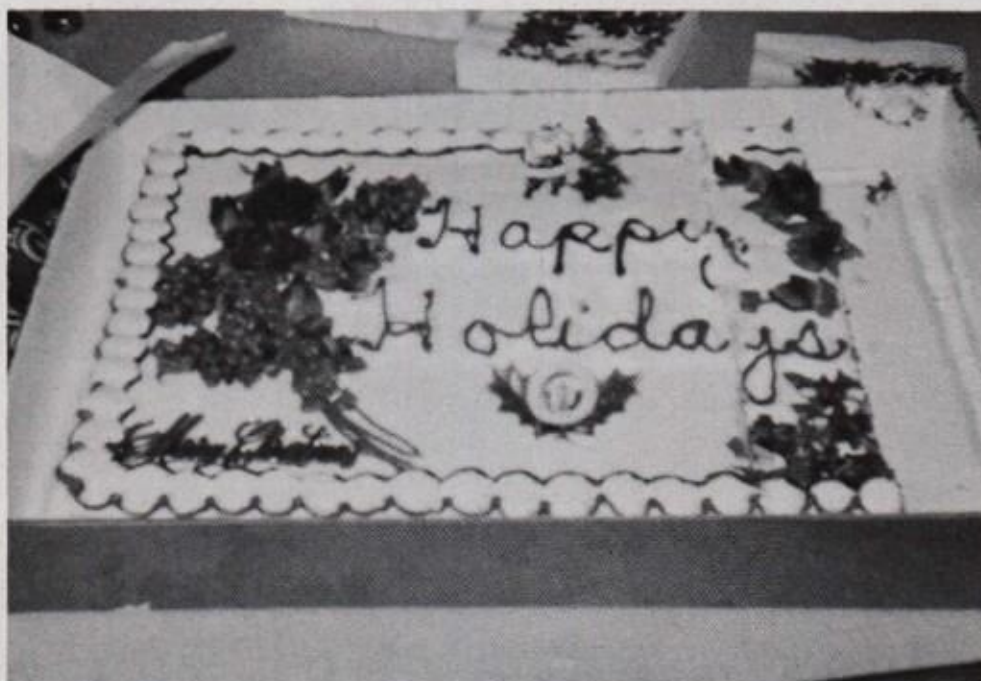

Tis The Season . . .

The Madrigal Dinner — a delightful, new Christmas experience.

. . . To Be Jolly

Little snow had fallen, yet a holiday feeling was in the air. The winter season had just begun, starting with the annual Santa parade and followed by caroling, ringing bells, RHS Madrigals, crowded stores, sparkling lights, trimmed trees, visits with St. Nick, friendly cards, smiles, family, friends, gifts, and a glow of happiness in our school halls.

This present is sure to be enjoyed by all.

What did you always want to be when you grew up? Perhaps it was a doctor, a nurse, a nun, a priest, a pilot, or a stewardess; or then again maybe you were one of those that never grew up! On Saturday, March 15th the Senior class planned the biggest babysit in the history of Richwoods. To highlight every kiddies' evening were cartoon movies, great music by "Flex" and the coronation of our Vice-Versa King, senior, Kevin Westervelt.

A tremendous 1974 Guard Show was the product of hours of planning and practice on the part of Richwoods Guards. Along with the skits which were slightly on the lighter side, the senior girls presented a synchronized swimming routine.

Assemblies Bring A Change In Pace

Richwoods' many assemblies this year were worth the time and effort. The annual Folk-Rock assembly was better than ever. Richwoods was not only filled with music but also a bit of comedy by Mr. Art Holst, who shared his jokes, experiences, and taught us all a little more about life. During basketball season Richwoods had more spirit than ever and really let it show. The biggest and best pep assembly was the Thursday before State. After excitement in the halls all day, it ended up as a super-big pep assembly outside 7th hour. Later in the year we were treated to presentations by our AFS students, and then in conclusion, with a lot of fun, was our annual movie assembly by Richwoods' own photographers. Assemblies this year were a worthwhile change in pace.

RHS Students Make The "Wright" Choice

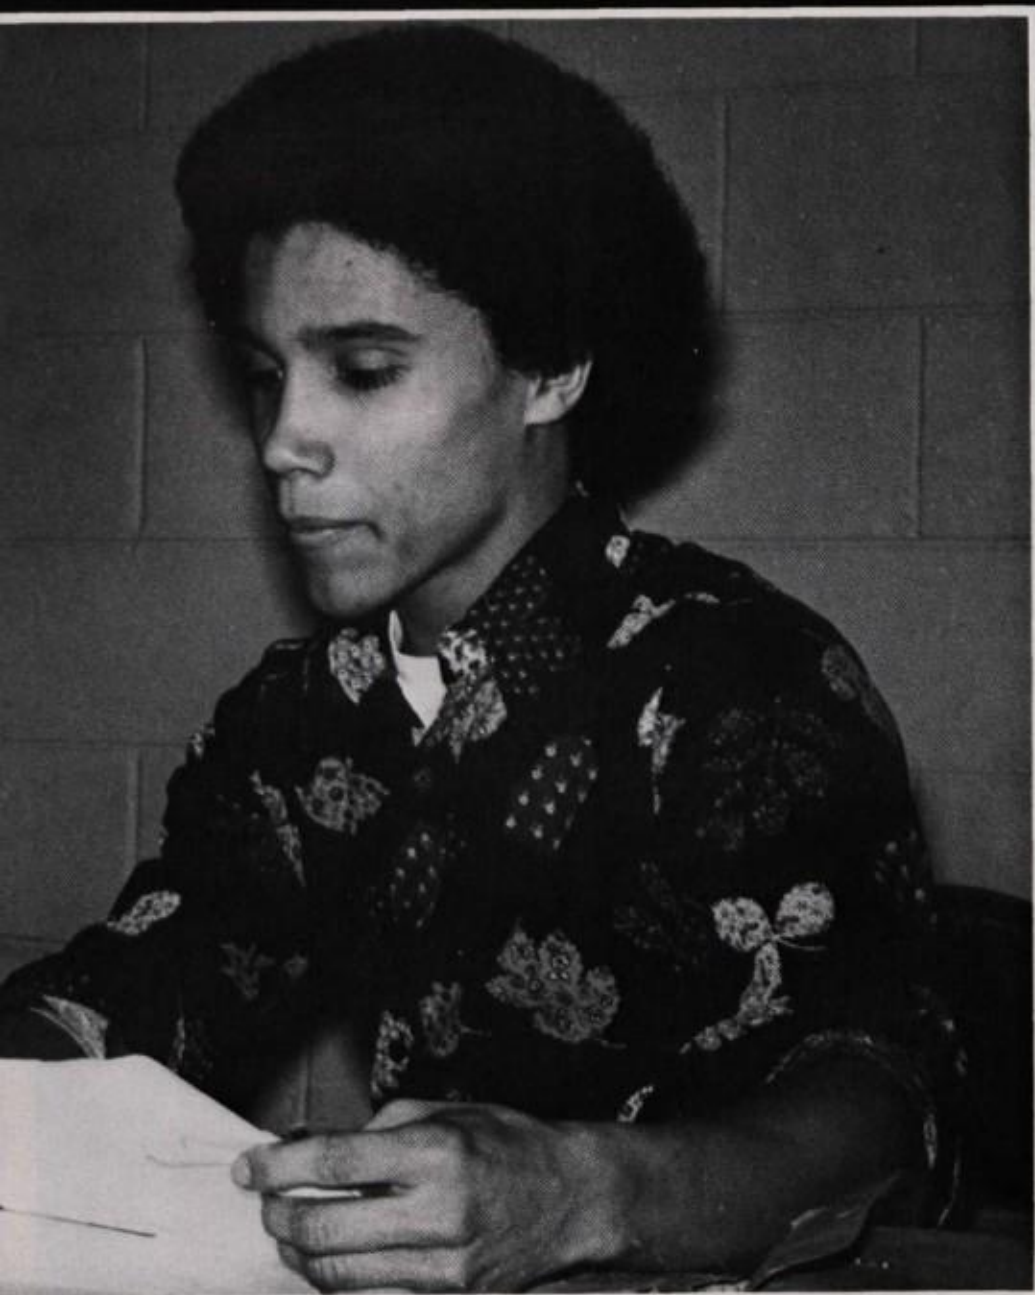

"Vote for Diane and Carolyn — two broads are better than one," "As bold as black and white — Doug and Lynn," campaign hats, campaign stickers covering nearly everything tangible, campaign platforms lining the floors, and huge campaign posters — what time of year is it? It's campaign time, student council presidential and vice-presidential elections for the upcoming '74-'75 school year. After the teams of Diane Allen-Carolyn Griner and Doug Wright-Lynn Mitchner presented their speeches, the student body voted as their leaders, Doug and Lynn, the winning combination.

Our Small, Small World

Richwoods had its annual AFS week once again this year. The week of April 14-19. was filled with many different activities. During the week the different classes competed in the paper chain contest and each class had a guy for "Ugly Man." Scott Barnes won from the Sophomore class' contributions to his bucket. Mrs. Bales, Mr. Auriene, and Mr. Probst all ran for Sweat of the Year and Mrs. Bales was chosen the biggest sweat. Donkey basketball was the main attraction of the week, and a dance, "A Small, Small World," ended the Week's efforts.

By popular demand, the date remained Saturday, May 4th. The gym was filled with foil stars, music by Good And Plenty, tuxes, long dresses and flowers.

In the middle of the dance, the Prom Queen candidates were escorted in, and Miss Melvina Starks was crowned Prom Queen of "Starry, Starry Knight."

The streamers that were hung from wall to wall and twinkling stars created a perfect mood.

Dolly's Back!

"Call on Dolly! She's the one the spinsters recommend."

Much to Ermengarde's dismay, Dolly insists the Polka contest is the only way to show Horace that they mean business; they really do want to get married.

Eight short weeks of hatshops, feedstores, polkas and waiters led to the production of the great spring musical "Hello Dolly". Behind Jodi Carlisle as Dolly the entire cast put on a show that will be long remembered. Horace Vandergelder, (Dave Ptasnik) a "rich, friendless, and mean" feedstore owner is going to New York to find a wife but finds his employees (Steve Fondriest & Brandon Cox) have fallen for hatshop widow Irene Molloy and friend Minnie (Ann Lichtenberger & Carol Hohlfelder). Meanwhile Dolly is arranging Ermengarde's (Lauri Maxwell) and Ambrose's (Marty Moore) entrance in a polka contest, while still trying to trap Horace. The play was directed by Mrs. Sara Drew, music by Mr. Wayne MacComber and choreography by Paula Petrini.

Walk Together, Talk Together

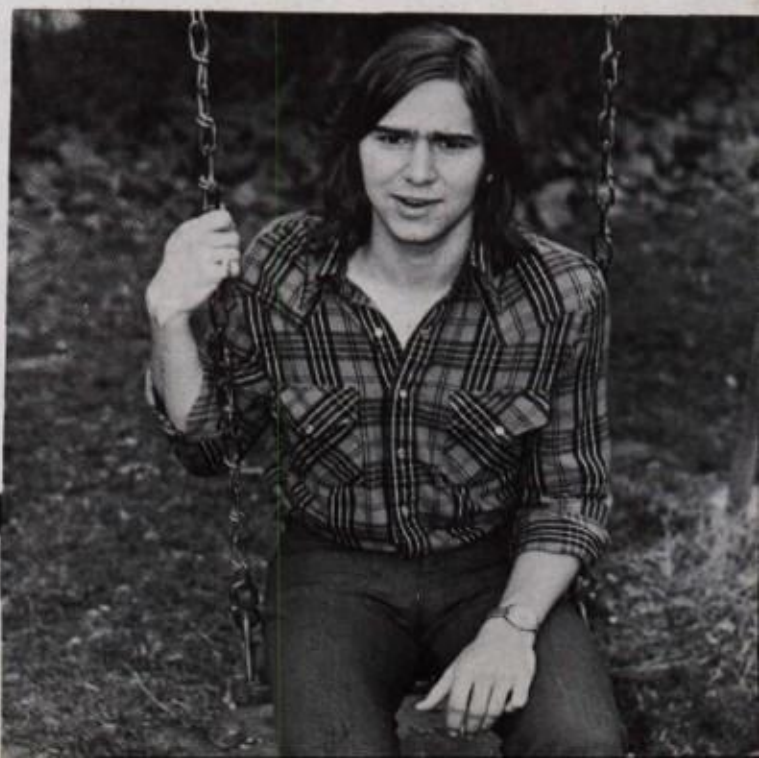

Monika Hallenkamp from West Germany.

Sheryl Cohen went to West Germany.

Jo Danniau from Belgium.

For sixty years AFS, American Field Service, has been an active international organization through which people all over the world have exchanged ideas, love, languages and customs.

Now approximately eighty countries participate in this exchange, including some countries behind the iron curtain. The RHS chapter is a small but a necessary link in this chain of countries. This year Richwoods was lucky to have two AFS students. Jo Dannau from Belgium, who lived with the Alcocers, and Monika Hallenkamp from West Germany, who lived with the Monroe's and then the Burhans. The other part of the AFS exchange is the Americans Abroad Program. Representing RHS was Sheryl Cohen who spent the summer in northern West Germany where she lived on a dairy farm.

Through its programs AFS seeks to foster understanding, of the differences and similarities which exist among people of the world. Hundreds of thousands of people who understand the importance of AFS take part in contributing to one of its goals. That being achieving world peace!

Jodi Carlisle's humorous talents helped her win fourth in state as she portrays Dolly in "Hello Dolly" and Dave Ptasnik acts as Vandergelder.

As the season ends, Richwoods has a speech team to be proud of. Hours of hard work were put into the preparation of ten hours worth of tournaments.

Starting the year with a tournament held at Richwoods, the team took 2nd place. Although disappointed, they came back with a first at the Midstate Nine tournament. It was then the Greater Peoria Area Tournament where among sixty other teams they took 3rd place. On an overnight trip to Eastern University, the team brought the first place trophy home. But things had just begun, as the team captured the first place titles at District and ICC. As for Jodi Carlisle, Tom Teak, Mark Niblock, Dave Ptasnik, Tom Thomas, Rockie Gabel, Debbie McCarthy, and Sheryl Cohen, they all went to sectionals to capture another first for Richwoods. Mark Niblock and Jodi Carlisle then went to the Tournament of Champions where they took 5th in State for the team, and a first for Mark and a fourth for Jodi.

Debaters: Row 1, L-R: G. Weyeneth, G. Lewis, G. Lindberg, J. Heller (Varsity). Row 1: J. Ginyoli, D. Morgan, D. Young, M. Skas, V. Mott, N. Lamport (Varsity), L. Gray, Not pictured: D. Weidman (Novice), S. Ferguson, C. Johnson, A. Bransky, J. Powell.

Debate had an outstanding team this year. People like Janice Powell, Nancy Lamport, Stewart Ferguson, Chase Johnson, Aaron Bransky, and Jeff Heller who were dedicated, made the team what it was. But one must not forget the Novice Debate team who also had an outstanding year.

Janice Powell and Nancy Lamport with a record of sixty-four wins and twenty-two losses, took first at the Manual Tournament. They also captured a first at Midstate-Nine and in the ISTA Sectionals. Then it was off to State where they tied for sixth place. Although Nancy and Janice's record shines high, we must not forget the team of Stewart Ferguson and Chase Johnson. They had a record of twenty-five wins and fifteen losses and a third at the East Peoria tournament. On the Sub-varsity level, Aaron Bransky and Jeff Heller earned a first place in the Mid-State Nine tournament. Novice debaters also had a very good year.

The 1974-1975 Shield this year tried to provide interest to a greater part of Richwoods' student body. Such new columns as Circa, Showtime Jots, Jostling, and Deadwood Dick added new variety and interest while such traditional occurrences as the annual Literary Issue added that blend of old to the new to this year's Shield.

EXCALIBUR to all the editors was much more than a meeting every Wednesday. It was a full time job that started long before we had any thoughts of going back to school. Planning began last summer at workshops where we saw other yearbooks and got many new ideas. It didn't seem like it had been six months before the first deadline was due. It was excitement, rushing, frustrated scribbling on the Pub table, and late night hassles over unfinished deadlines. It was fun seeing an entire book in the making and the pride of trying to put together the best yearbook ever!

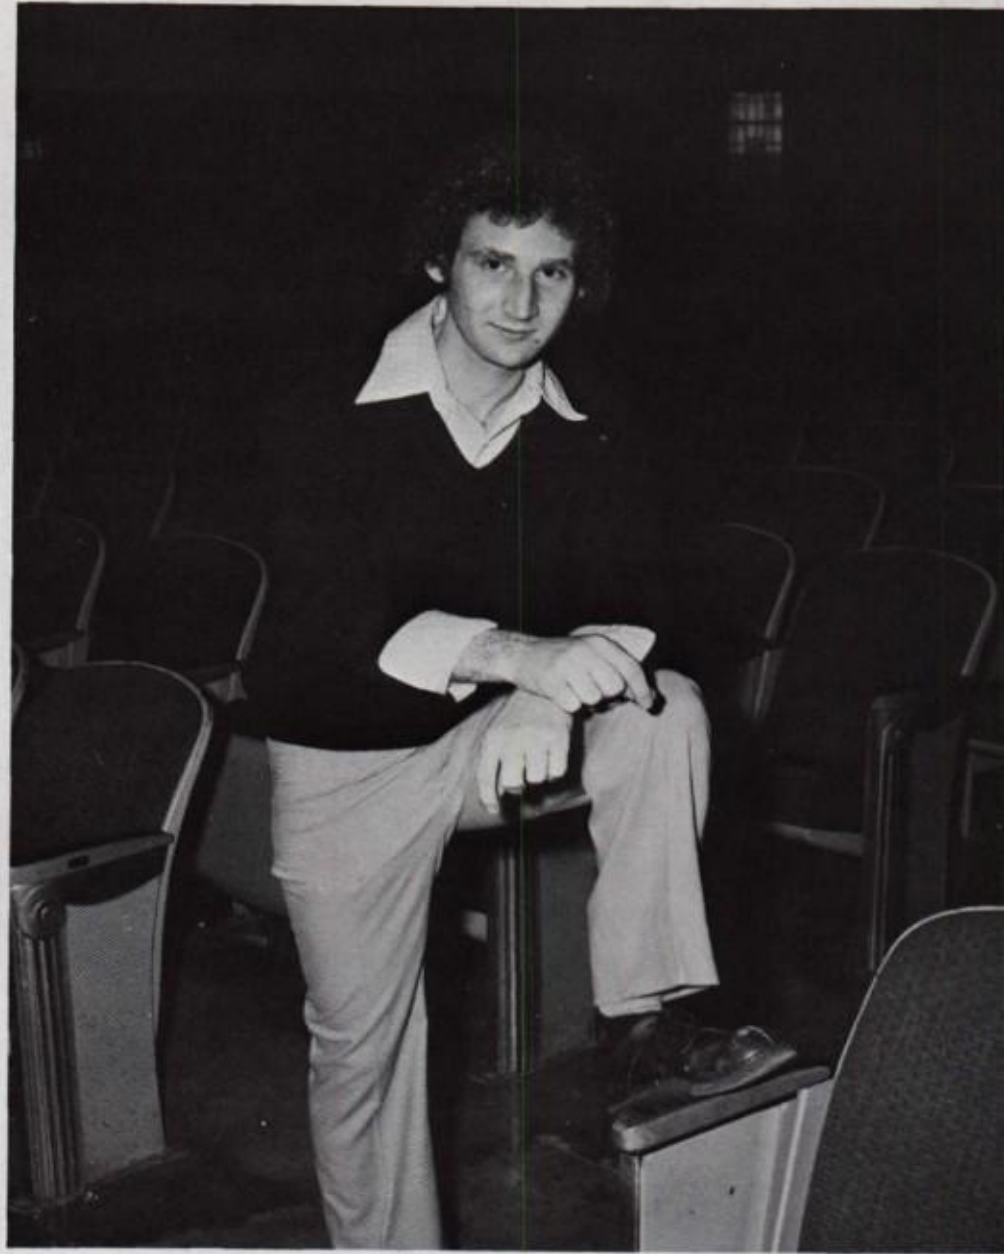

Ann and Sue worked extra hours to put the yearbook together.

Student Council is often hampered by apathy and a lack of discipline. These attitudes make it difficult to put together a truly effective year. However, this year discipline has improved moderately and enabled us to offer you, the students, a more enjoyable year.

This year we were able to regain our privileges taken away at the end of last year. We had optional finals, open lunch, open study hall, and a smoking area. We also had more after-game dances and assemblies than in recent years — a professional comedian, student made movies, A.F.S., and music assemblies to name a few. Donkey basketball returned to R.H.S. in April, along with two inschool movies benefiting the band and the basketball-wrestling scoreboard. With the help of the Adult A.F.S. Committee we brought to A.F.S. students this year: Johann Dannian and Monika Halenkamp. A Christmas party was held for the twenty some kids at the Allied Agencies Crippled Children Center. The purchase of the basketball-wrestling scoreboard was finally accomplished and the beginning of P.E. mini-courses became a reality. And the list goes on.

One, two, three o'clock rock brought back refrains of nostalgia as the Royalties performed their hit of the year to "Rock Around the Clock".

Kit Schultz smiles during a halftime performance.

Susan Kingsley, 1974-1975 Royalette of the Year

A lot of changes have been made over the last three years but it seemed to me that the Royalties had their best year ever.

Summer brought N.D.T.A. Camp at Vincennes University. It was alot of hard work, but seeing other teams really helped us. It was fighting for a place in line and "somehow" ending up in back, missing "clothing", and hours of practice. But it was fun and on the last day we took a fourth place in final competition.

Football season went by so fast. It was marching to cadences up through the band, putting foil in your boots, cheering for the guys in Column your friends yelling at you from the stands, breakable hoops, and chatting with the band during "Autumn Leaves."

This was the first time that we attended a workshop during the year. Twenty seven girls went to the Kewanee Bagerette Clinic and spent the day learning and competing. When we'd just about had it with the "trust-maker step" and were sure we'd bombed, we brought home a first and third place trophy.

Basketball was the greatest. Our spirited attempts at pep assemblies saw Marianne streaking without music and always a last minute rush through Fight Song. Stripper made its annual appearance but "Rock Around the Clock" was our biggest hit. Dressed in 50's attire nineteen "greaser guys" rocked with their bobby socked pony-tailed partners in what was said to be the best routine we'd ever done. At Candlelight, the seniors were honored with a red rose and Sue Kingsley was picked Royalette of the Year after a routine to "Fire and Rain."

Cold nights did not slow the Royalties down as they perform at a football halftime show.

1974-1975 was a great year for the RHS varsity cheerleaders. school spirit was better this year than ever, as our basketball Knights finished fourth in the State.

The cheerleaders started their unforgettable year going to camp in the summer and receiving the second place trophy for team competition. After countless hours of hard work, they were well prepared for the excitement of our great football season. Eating dinner together before the games, early morning practices and meeting people from other schools was not only loads of fun but also a great experience.

Nobody will ever forget the Thursday afternoon when the RHS halls echoed with spirit, or the weekend in Champaign. Never have we smiled and been so proud to say "We're from Richwoods."

We've Got

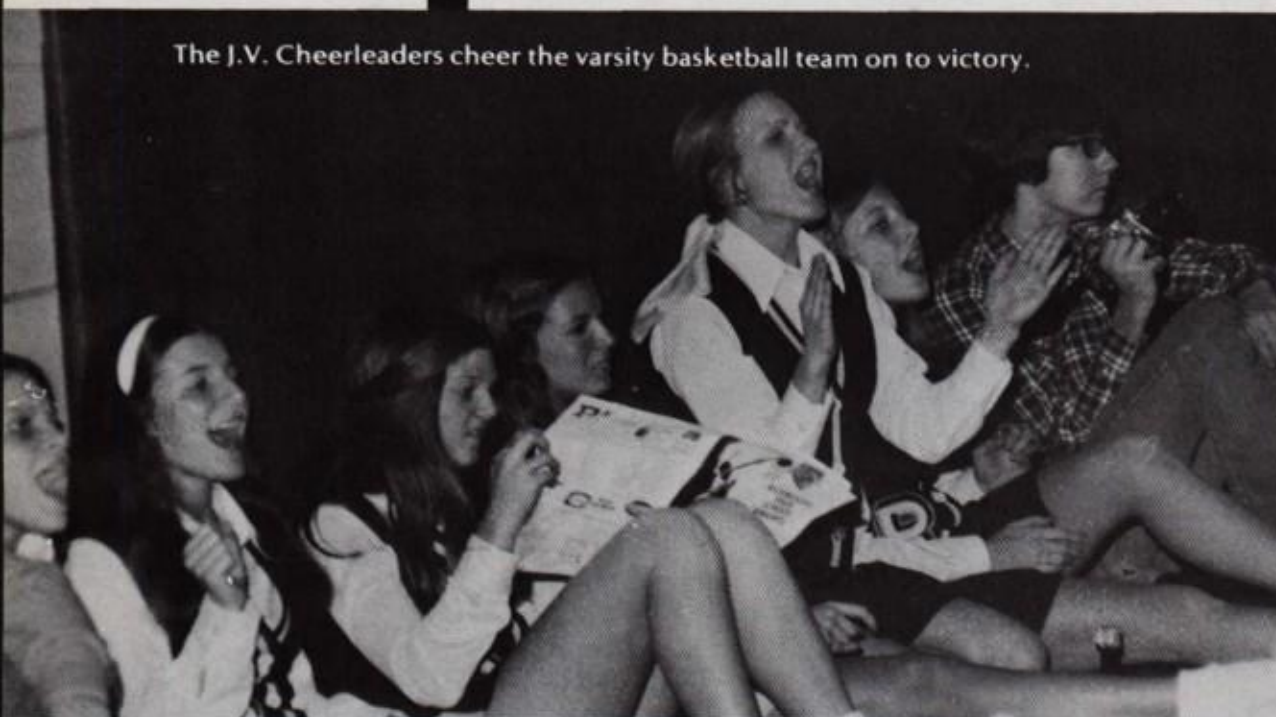

Spirit!

The J.V. Cheerleaders cheer the varsity basketball team on to victory.

Being a J.V. Cheerleader ment practically living your life in the halls, on the football field, or in the gymnasium of this school. Week nights were filled with practices. And for the freshman and J.V. teams alone, we cheered from early cold mornings at football games to four nights a week during basketball season. Then our weekends were taken with sophomore games.

But aside from all of the practicing, cheering, and fun, we've come a long way. This year brought more involvement with the varsity cheerleaders, new sweaters, and poms. Which made it a really great year.

1974-1975 Junior Varsity Cheerleaders: L-R: Michele Larosche, Cheryl Coker, Lisa Hyler, Lynn Olson, Karyn Kentner, Calie Roesler, Sally Edwards.

Cheering for the cross country, swimming, and wrestling, Spirit Squad was kept busy. Jodi Denninger (Captain), Marian Sheenan (Co-captain), Joyce Billings, Ginger Mariani, Joan Hoerr, and Terri Sutton made up the squad. Starting out the year in September, they cheered for cross country. Then moving inside, Spirit Squad urged our fant fantastic fish on to state. Wrestling also kept Spirit Squak jumping!

Every Sunday the gym is open to all members of the R Club. A club for all athletes that have a varsity letter in a sport and who wish to be in it, the R Club held its steak fry and a Christmas Party which Royalties and Cheerleaders were invited to this year. Starting a coat check during home basketball games, they planned to take a trip to a baseball game. Officers were Kurt Lyon, President, Ray Brandt, Vice-president, Tom Schoch, Secretary, and Chris Nelson, Treasurer.

If somebody had told us at the start of the year that when the state basketball tournament rolled around, there would be 60 kids wearing green T-shirts rallying to cries like Watermelon following our team down to Champaign, we'd have popped our corks laughing. But son of a gun — it happened, and we did!

Those 60 kids were called Knights Knuts. Headed by the inbomitable energies of Miss Schneider and Mr. DeFabbio, they proved that unlike the year before, the seniors could win the spirit stick.

Silent cheers, looney kids, roller skating parties, Knewsletters, softball in the park, crammed rooms at State, and the eternal promise of a champagne and pizza party were all Knights Knuts.

But regardless of what else we had, no matter where we went, there were always good friends and good times to make the senior year just that much more of a memory for the Knights Knuts.

In its second year at RHS, Pep Club decorated the lockers of our team members and the halls with posters along with handing out spirit buttons. Selling Rex Cleaner, scarves, and hats to pay for these supplies, Pep Club took in an \$800 profit. Under the direction of Mrs. Snarr, the Club bought letter sweaters and letters for each member to wear to show their spirit.

Another first this year, Hockey Club finished third in the Mid-state Nine. Playing 14 games, they were coached by Mike Buchanan who urged and backed them through all 14 games. Protective and loyal to each other on the ice, the team ran into trouble while playing Chilicothe. Under their director, Chilicothe, started a fight against Richwoods who reigned victorious in the end with a smaller team. But hard feelings are forgotten off the ice as the teams got together afterwards. It was a good start for the club as they made a third in Mid-state Nine happen this year.

No, it's not "R" club, it's "ART" club — one of the various clubs offered at RHS! It's those crazy field trips, speakers, workshops and exhibits, besides a great deal of time spent in organizing excursions to Chicago and Galena as well as earning money for a new art display case for the foyer. All this was organized and headed by Art teacher, Miss Helen Bruns.

But ART Club isn't only going on field trips and planning them, but it's being able to do lots of extra activities such as: learning to make corn husks dolls or learning about photography and other special creative interest. ART Club also means selling candles to earn money for a new art display case. As it was a success so was ART Club.

Music, music, music, . . . something we all like to listen to. With a Madrigal Dinner, numerous concerts, Pep Band, half-time shows, Harmoknights, Knights of Dixie, Orchestra, Stageband, making a tape for Channel 13 and just having fun, the music department made this year a year to remember.

"Oh, When the Saints Go Marching In" is played by the Knights of Dixieland during freshman orientation.

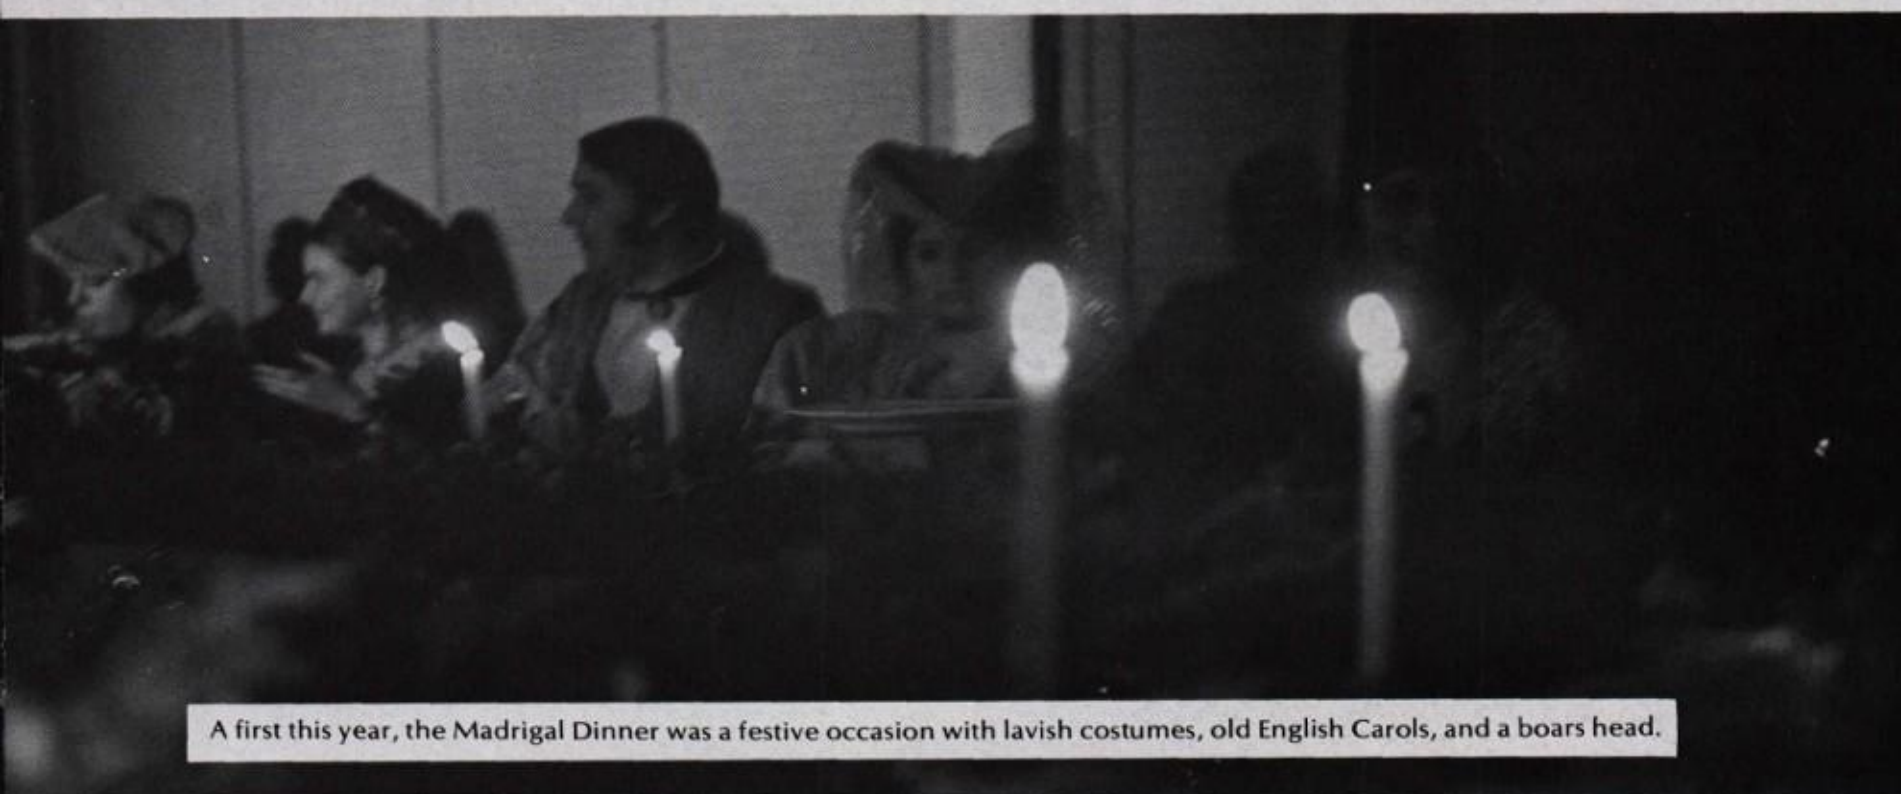

Marilyn Shellenbaum diligently plays her bass at orchestra practice.

Taking a pause between notes, Chuck Pizer plays the Vibes in the Winter Concert. Paul Hanson and Nick Perino are seen in the background.

New this year, Mr. Wayne MacCumber directs the orchestra and chorus during the Winter Concert.

A first this year, the Madrigal Dinner was a festive occasion with lavish costumes, old English Carols, and a boars head.

With the shrill sound of a whistle and the cadences of drums, the Richwoods Marching Band marched on to the football field. Wheeling from circles with jugglers into 75's, the band produced five halftime shows this year. Appearances at Western's Mass Band Day, the Santa Claus Parade and the purchase of twelve new uniforms made it an exciting season. Then the band moved inside for Concert Band where strains of Mary Poppins, Greensleeves and the Finale from Dvorak's New World Symphony could be heard in the hallways. Pep Band played our Knights to victory as well as the Bradley Braves. Three concerts in the spring made 74-75 a year of good memories.

Chorus Creates Excitement

It was rumored during the summer that Richwoods was going to have a new choir director. Come August 28th all of Richwoods knew that that rumor was true, Mr. Wayne MacCumber replaced M. Coventry in directing the Richwoods Choirs. Holding our breath to see what the outcome would be, a concert of Broadway hits was produced with favorable reviews. Then for the first time Richwoods presented a Madrigal Dinner. Lavish costumes, a boars head and old English carols made it a festive occasion. The Choral Department also made a tape for Channel 13, as well as performing many concerts as they put it all together to make the first year under the direction of Wayne MacCumber happen.

Cadet Band

Open only to freshmen and sophomores, Cadet Band meets every 5th hour. Members participate in Pep Band, concerts, and work on rhythm studies to get into Concert Band. There are forty-two members in this years band.

Strings, bowing, or picking are terms that go hand in hand with our Orchestra. Meeting every day during 7th hour, they practice music for contest, Midstate Nine Orchestra, or an up coming concert. Under the direction of Elmer Szepessy, the orchestra played Fiddler on the Roof, Sonata in G major, and Concerto Grosso.

Biggest Guard Ever Makes Giant Splash

Sue Kingsley helps a fourth grader learn to swim.

Guard's been a year of fun ... Wacky races, Har-dee's nights, baquets, swim school, summer guard and six super people: Jeff, Rags, Douger B., Annie, Sluetzie and Dave. These six head guards really had it all together and made it happen. The 74-75 Head Guards: somebody for 101 guards to look up to while doing one of the greatest community service projects in the area. It was the Swimathon, Nov. 16 when 200 kids swam lengths for St. Jude's earning about \$1500 and the Guard Show, Oct. 30 was the best Richwoods has seen in a long time. But most of all it was the priceless experience of teaching, learning patience and being able to take pride in something you'd done.

Edelweiss Schuhplatters, AV Rifle Club

What was that name? Who are those people with agile feet? The Edelweiss Schuhplatters, more commonly known as the German Dancers, who dance to music provided by the Kaiser Wilhelm Ratskeller Brummer. During the year they have performed at Havana Tour Days, Oktoberfest, Northwoods and Hickory Grove Park.

Every other Tuesday night Richwoods Rifle Club meets at the armory to shoot for NRA ratings on a fifty foot rifle range using 22 caliber rimfire rifles. Passing a written test first, the members, using various positions from prone to standing, try to move up the NRA scale from pro-marksman to distinguished expert. The club has intracub competition because no other schools have rifle clubs.

Four year letterman Steve Patterson led the Knights through a great 74 season.

The 1974 Varsity Cross Country team had a near perfect season with their only loss being to Central by one point.

At the Ottawa Invitational the Knights took 7th and placed 11th out of forty four teams at the Peoria High Invitational. First place honors were taken at the Normal Invitational and they ran to a 5th place at Rich Central.

Because of their one loss, Knight Harriers took second in the Mid-State-Nine but accomplished a rousing victory over Central to take first at District. At Sectional they were second and at State, seventeenth.

"Strong unity between the top seven. Internal challenge: build each other up rather than beat each other out ... knew Central would be team to beat ... A lot of improvement on the team."

1974 Varsity Football: it started with a new quarterback, a solid line, a faster backfield and sincere senior leadership in the desire to better last year's season.

Sixteen returning lettermen strengthened the Knight's experience with sixteen juniors joining up from a successful sophomore team. Everything needed was there: size, speed, attitude and experience.

Bergan and Sterling became their first victims. Then Spalding and surprising Woodruff put RHS at 2-2. But the Knights were plagued with injuries, and after only four games Coach Peeler had to substitute and shift some of the backfield positions.

After a rainy victory at Limestone and Central's dampening of Homecoming, Richwoods stunned top conference contender, Manual. But the injuries and the up-and-down season they'd had so far caused the Knights to lose power and concentration. A feeble win over Pekin brought the Knights home and in the final game of the season, the discouraged team failed to score against winless East Peoria.

Though the Knights were traditionally a running team, Kevin Connor led the conference in pass receiving and was named to the M-S 9 conference team.

"We had more talent than any RHS team . . . a great line. We had a really good team that could have gone down state but we didn't play as a team . . . good when we want to be but we just lacked team unity."

"I felt in every game the line did a good job. If we'd had healthy backs we could have won every game. We were so close but so far from being a great ball club."

— Randy Baietto, Sr. Lineman

Jeff Peeler, who's talents at lineman were transferred to the backfield, did an exceptional job in both positions.

Lineman Randy Baietto (75) joins other Knights in stopping an East Peoria scoring attempt.

"There were really two seasons: the beginning was one and the end was another. We had too many injuries; they brought down team morale ... the third string backfield started most of the year."

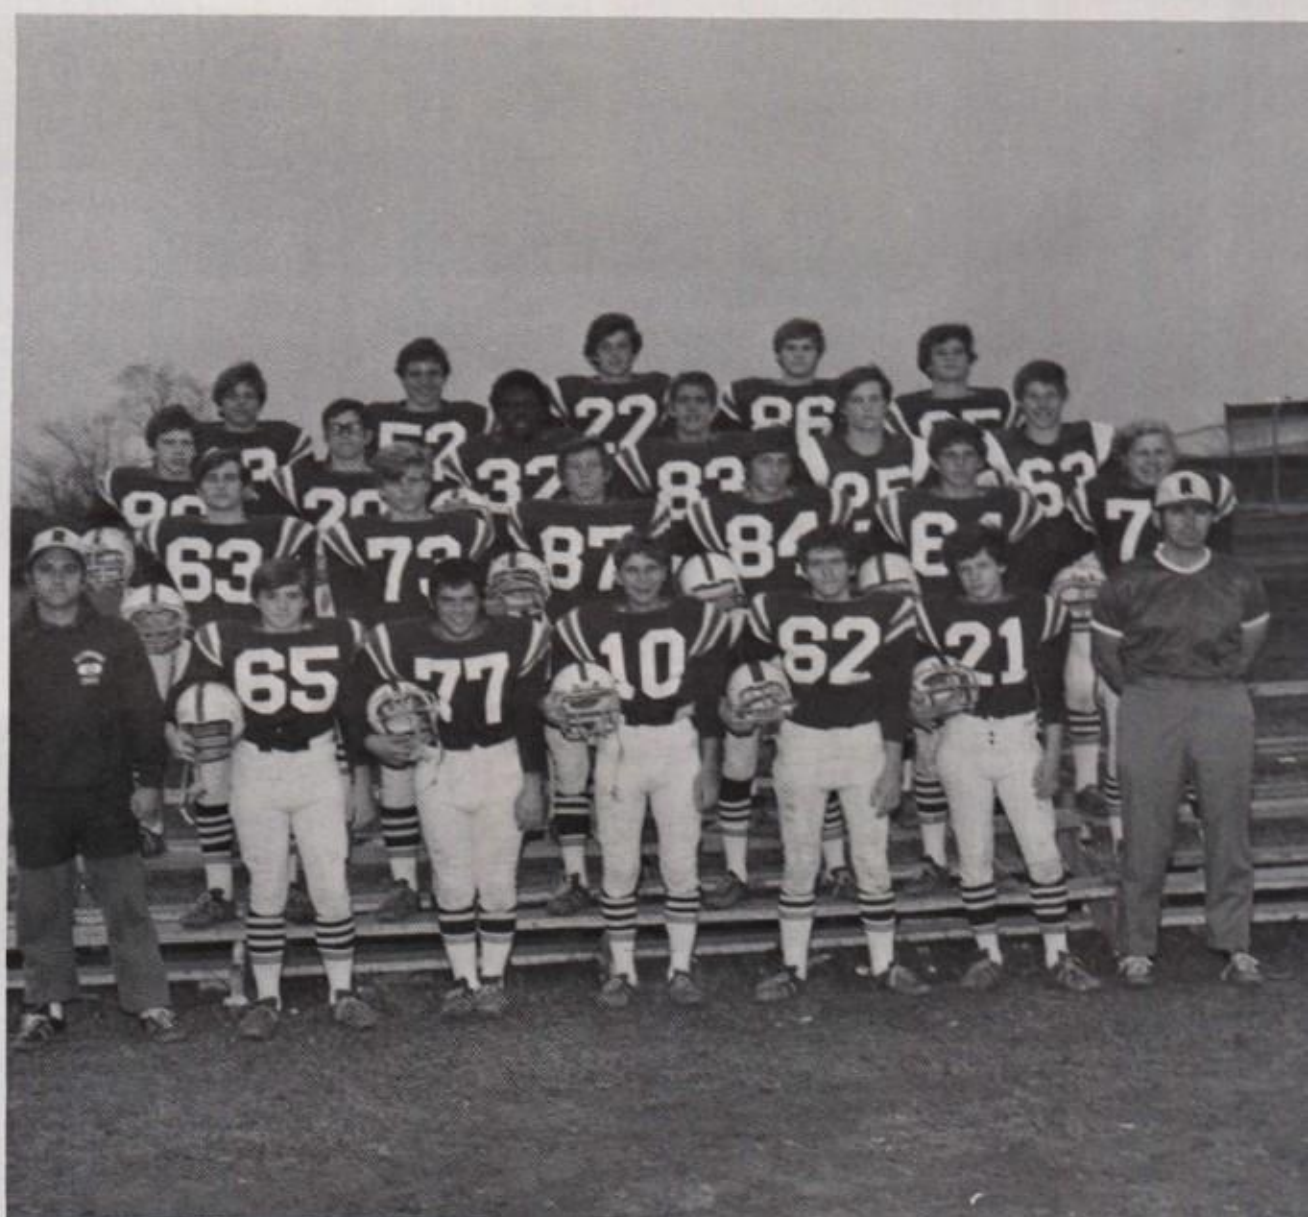

— Chris Nelson, Sr. Fullback

SWIMMING

With all eyes turned toward the state swim meet, RHS Fish carried on another great winning season. Twenty seven swimmers maintained an 18-2 record losing only to Hinsdale and Moline. Their M-S-9 record was perfect even though Central had high hopes of putting RHS's sixth consecutive title into their own hands.

It was an outstanding season for the entire team. Senior backstroker Doug Billings was the conference champ and went on to place 8th in State. John Fraser finished a fine season by taking 12th in Breastroke at the State meet. In the fastest State meet ever, Grant Adams swam to a 4th place in the 500 Free and a 5th in the 200 Free. Super diver Eric Hutt was Mid- State Nine Champ and set a Greater Peoria Area scoring record.

Psyche!

The Sign . . .

It started from an idea at an upstate swim meet. It was brought home to RHS and appeared, hanging from the swim balcony, as a brightly colored sign reading one word: PSYCHE! Whether or not the swimmers found support from the sign, the season continued with win after win. But on the night of the toughest M-S-9 meet, Central, the sign disappeared. It mysteriously turned up in the Central locker room. It appeared the blame lay with a few Bergan swimmers, who after using RHS pool decide to "donate" the sign to Central. No great loss seemed to have taken place but after the Central meet, the victorious Fish decide to bring the sign home where it and the M-S-9 trophy belonged.

Great season, no regrets about the 13th place at State, we beat Central and sent the most people to state ... but state times were just too fast. We performed the best at District and State which is what Mr. Clopper always points to. BASKETBALL

Fall tryouts were the beginning of our great basketball team.

The 1974-75 Varsity Basketball Team. L-R: Coach Hammerton, K. Sims, J. Hohstadt, J. Grigsby, K. Westervelt, A. Cornelius, M. Smith, D. Mar, D. Holcomb, C. Williams, S. Miller, G. St. Julian, D. Stein, J. Dixon, K. Kowalis, Ass't. Coaches Eisele and Snarr.

When the word got out that Wayne Hammerton's Knights were going to be "pretty much the same", M-S-9 players, coaches and fans could only expect another season of highly competitive basketball. How much the same, no one would know but Richwoods had no intentions of repeating a double overtime Sectional Championship like the one that ended 1974's 27-2 season.

The Knights looked promising with four returning lettermen. But the yet-to-be-seen benchmen were to add to the power up front. The pre-season Morton Tourney gave them the chance to see what they had to look forward to.

From the beginning they were on their way. They remained undefeated through every M-S-9 bout including a sellout game with Central. The Knights fell only once to upstate Thornton, to take second in the Pekin Holiday Tournament.

Their perfect conference record got RHS its second consecutive crown. It was only the second time in conference history that a perfect record had been accomplished.

In the excitement of finishing as champions, the team presented Coach Hammerton with a plaque on his 100th win . . . it was just the beginning.

Undefeated In Mid-State Nine

Where do you start to describe a superstar like Chris Williams? First of all, you don't ask Chris. For two years, he generally kept out of the spotlight. But this year, he couldn't avoid the spotlight anymore.

He scored 801 points this season, which was a school record. Those points also enabled him to shatter the Greater Peoria Area all time scoring record of 1639 points. Chris totalled up 1869 points in his three-year varsity career; breaking another school record. Having 395 rebounds in one season and a career total of 975, two more records fell. Another two were broken with Sug's 42 points in one game and a final average of 24.3 points per game.

Chris Williams goes up for the basket that earned him the Greater Peoria Area Scoring Record.

Chris was named to the Associated Press All-State team for the second year in a row.

Hammerton's Heroes

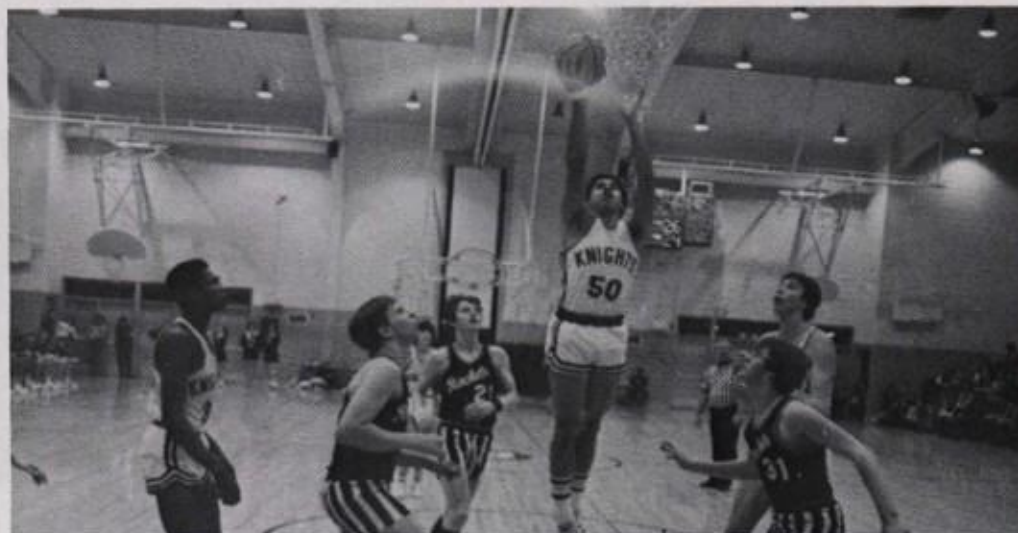

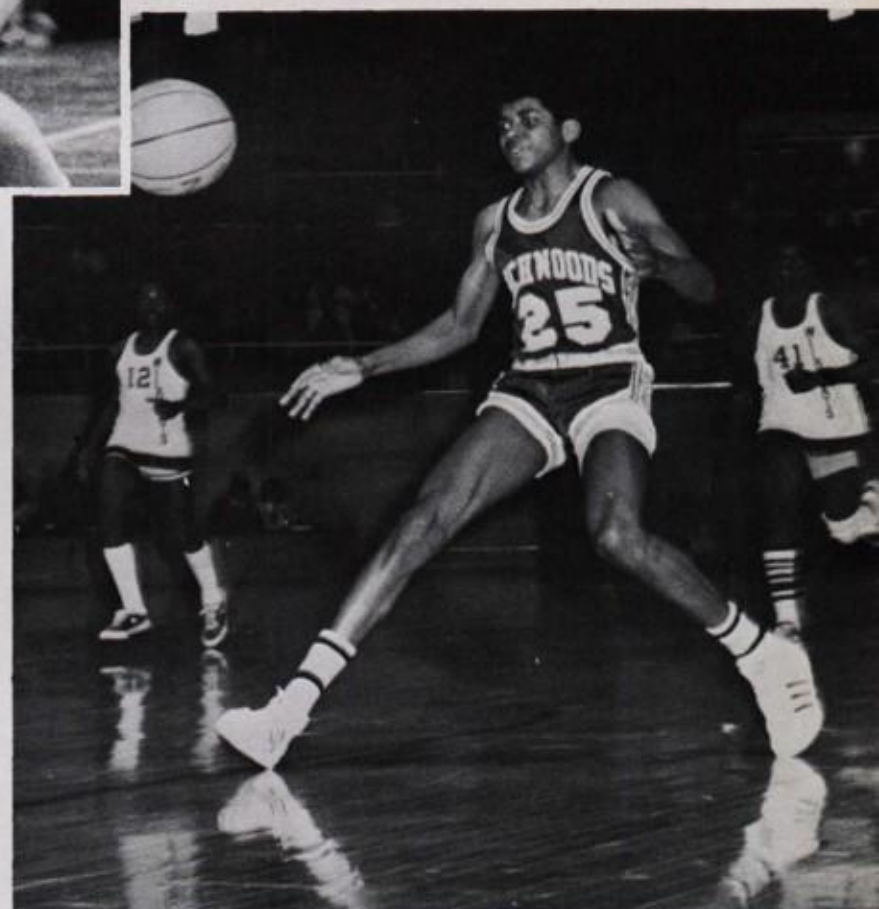

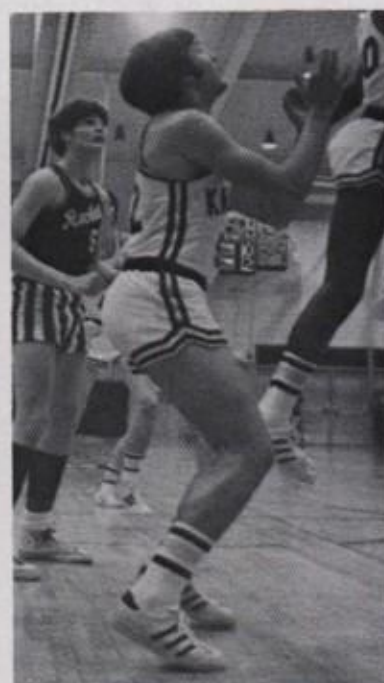

Jim Hohstadt watches anxiously as his famous free throw circles the rim at the second Central game.

The Knights didn't mess around.

No one will ever forget the guys that made this basketball season so great. Senior Kevin Westervelt, usually called West or Spider, was the all-conference guard who fired team spirit; as captain he led the best team in school history ... Very few Richwoods opponents cared to tangle with Saint the "defensive specialist" ... 6'10" junior Derek Holcomb was great at swatting shots out of the air, earning him a place on the MS-9 team ... Red-headed Jim Hohstadt was conference leader in free-throw shooting.

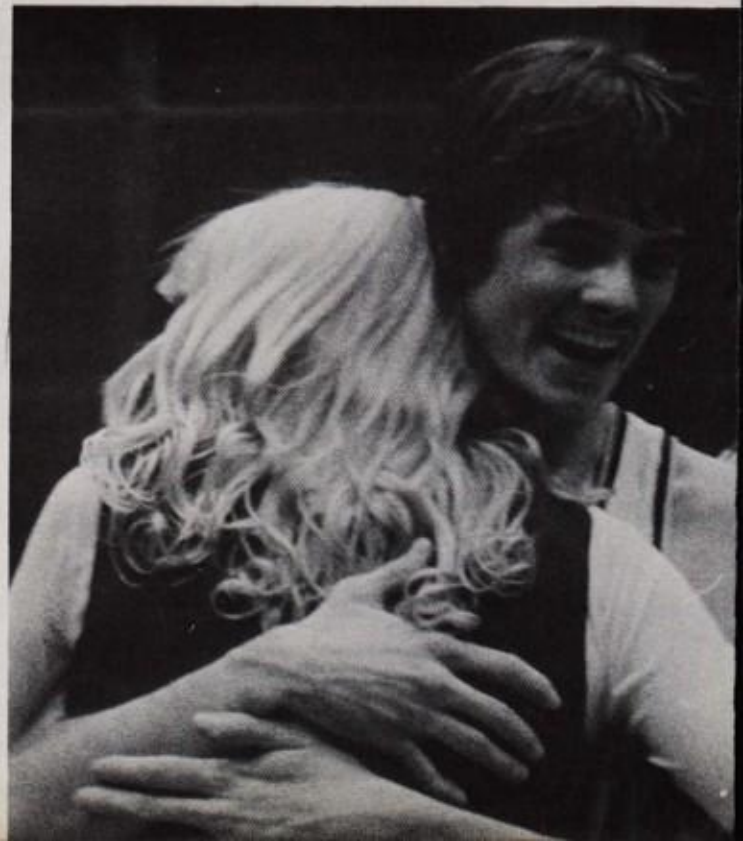

GOIN' UP!

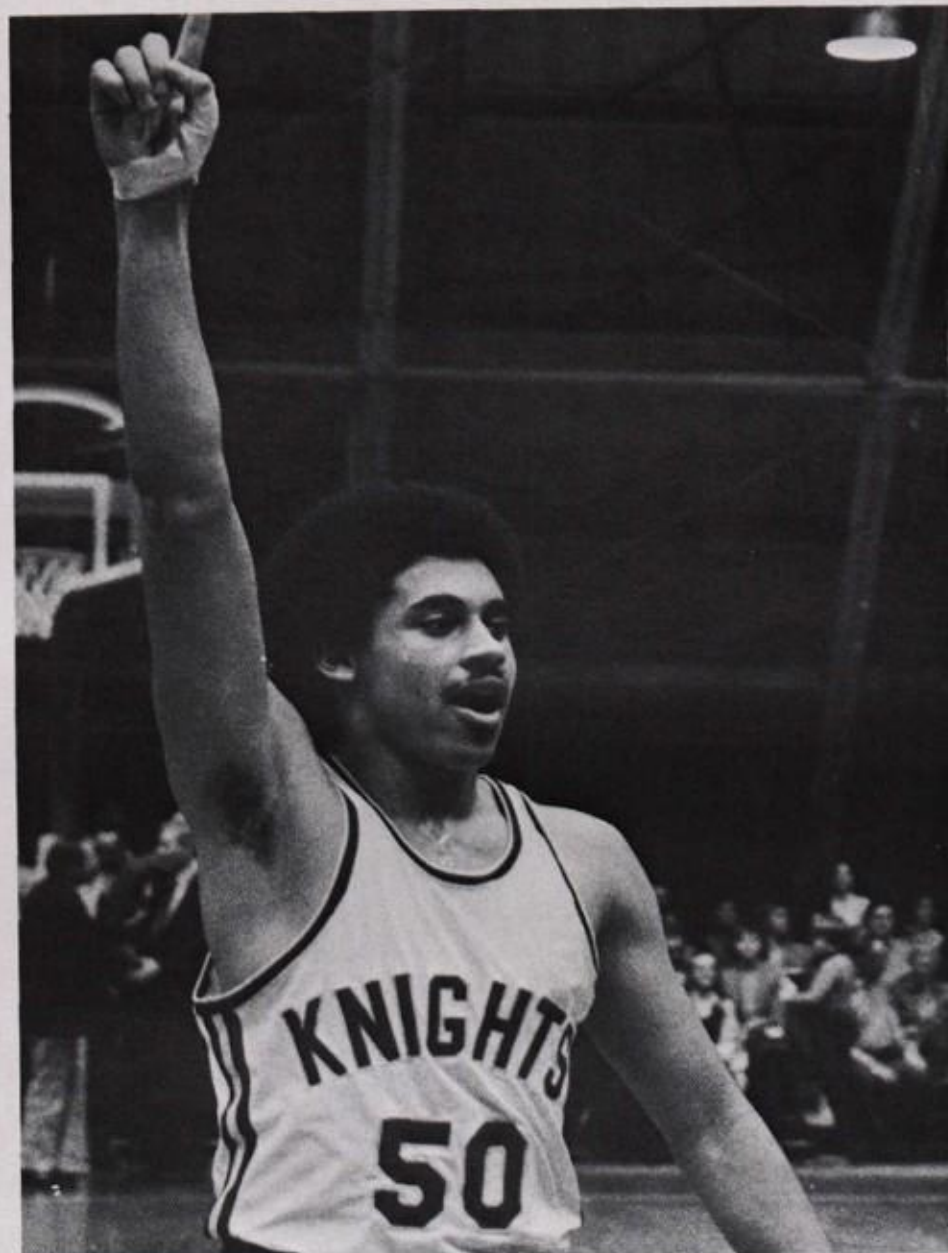

Guard Kevin Westervelt tries to get the ball around Central's Jim Shadid in the Sectional.

Steve Miller gives Chris Williams a hand in getting off the court after a well-earned victory over Central.

Sectional Revenge!

The Richwoods Regional proved to be two of the best games they'd ever played. In the opening game against Canton the Knights broke the school scoring record by chalking up 121 points while keeping Canton to 61.

In the title game the Knights held the Silver Streaks to a mere 4 points while scoring 27 first quarter baskets. The final 103-score gave RHS the Regional title and a chance to meet arch rival Central in the Sectional the following week. ... and the Knights were goin' up!

It was exactly 362 days later that Richwoods sought and won sweet revenge from Peoria High. It was a game that brought back memories of the '74 sectional that saw the Lions go to State. It was our chance now. The Knights took the lead early in the first quarter and maintained it in front of a sellout crowd at the fieldhouse. Super defense smothered Central's Ernie Banks while foul trouble hindered both teams.

It was revenge, but revenge would have been nothing if we'd just "slipped by." Twelve points separated the state's third and tenth ranked teams. Again the Knights had dropped Central twice, but unlike '74, three seemed to be the charm. And Peoria can only agree, the knights had it.

After the victory over Central, RHS met MS-9 foe Woodruff in the championship. It was this year that the Knights, for the first time in school history, captured a Sectional title.

SUPERSECTIONAL ... The Knights had made their way into the "Sweet Sixteen," the top teams in the state. Never before had a Richwoods team made it that far. Supersectional opponent was North Central's Sterling Warriors, a team whose height was no match for the taller Knights. But a tough man-to-man defense kept them tracking right behind during the second quarter. With the final score of 94-63, Richwoods rolled into the "Elite Eight" and CHAMPAIGN!

STATE: FANTASTIC FOURTH!

The hugeness of the Assembly Hall centered everyone's eyes on our Knights. Here they take a time out in the game against Phillips.

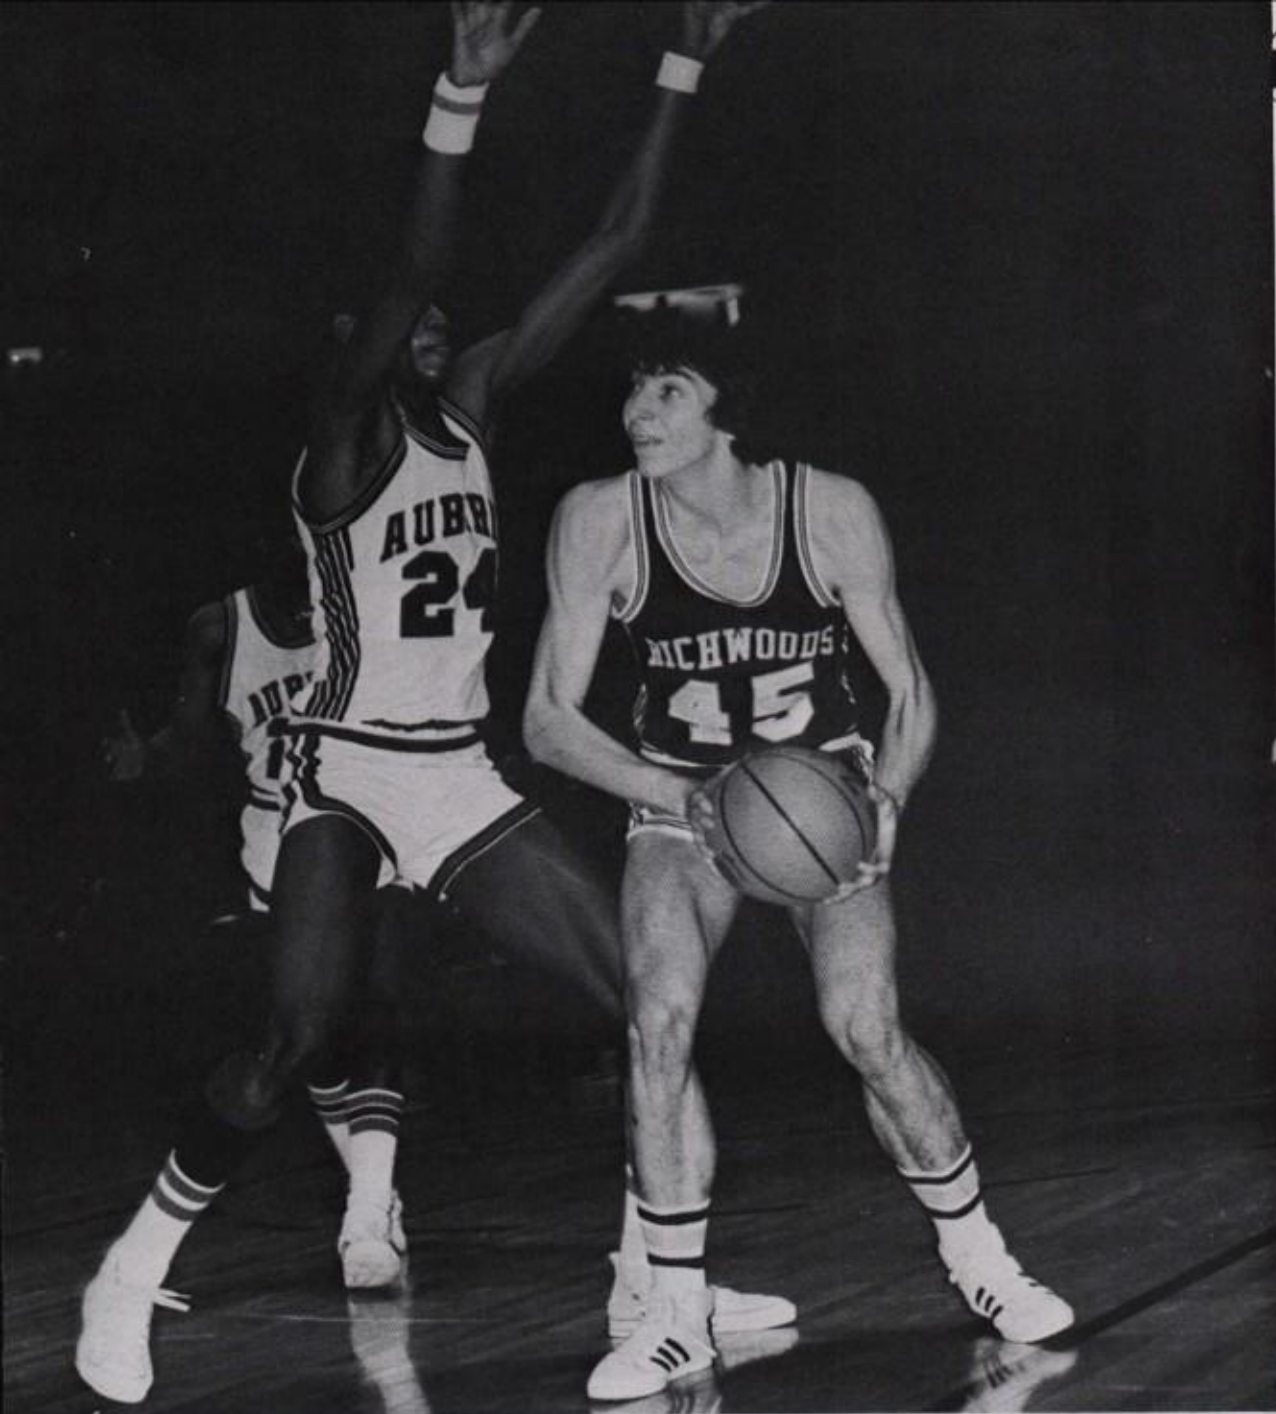

Although the guys had hoped for better than fourth, not one loyal Richwoods fan could have been disappointed. One of the best teams to ever come out of Peoria made its way to a fourth place finish at State out of the 258 Class AA schools in Illinois. To be 13 of the best basketball players in the state was not just a dream anymore. It was a season of success; there was no other word for it. The 30-3 record-breaking team never lost at home nor anywhere else in Peoria. It took one southern, two Chicago teams and a few bad breaks to beat them.

Among themselves they knew they had it; they hated to lose. But when things started slipping and the odds against them grew, they hung together with an unbelievable team spirit.

Champaign. We were there! Though many had anticipated it all season, it was hard to believe that it was our Knights way down on the Assembly Hall floor. Up until this time, Richwoods had never come near those final state tournaments games. Our Knights were super great!

Friday at 1:45, the Knights battled with Rockford Auburn to win a place in the top four. They assured us of an overnight stay in Champaign, 65-52. That evening the team watched Chicago Heights Bloom upset Proviso East and was hoping for a similar upset over highly-rated Chicago Phillips. But unfortunately this was not allowed to happen. Our Knights fought hard but were overcome 86 to 69. Because he was playing with four fouls, Chris Williams lost the very mobility that the team really needed. Derek Holcomb was fouled late in the fourth quarter resulting in a twisted knee and a sprained ankle. That was the end. Derek watched the final game with E. St. Louis from the end of the bench. He saw Kevin Westervelt make 24 points but the Knights noticeably needed Derek's rebounding power. The Knights lost the third place bid 83 to 75. In ceremonies afterwards, Kevin accepted the fourth place trophy for Richwoods. It was a first place for RHS though; it was the first State basketball trophy ever. All-stater Chris Williams, center Derek Holcomb, and Kevin Westervelt were all honored as members of the second All-Tournament team chosen by the Associated Press.

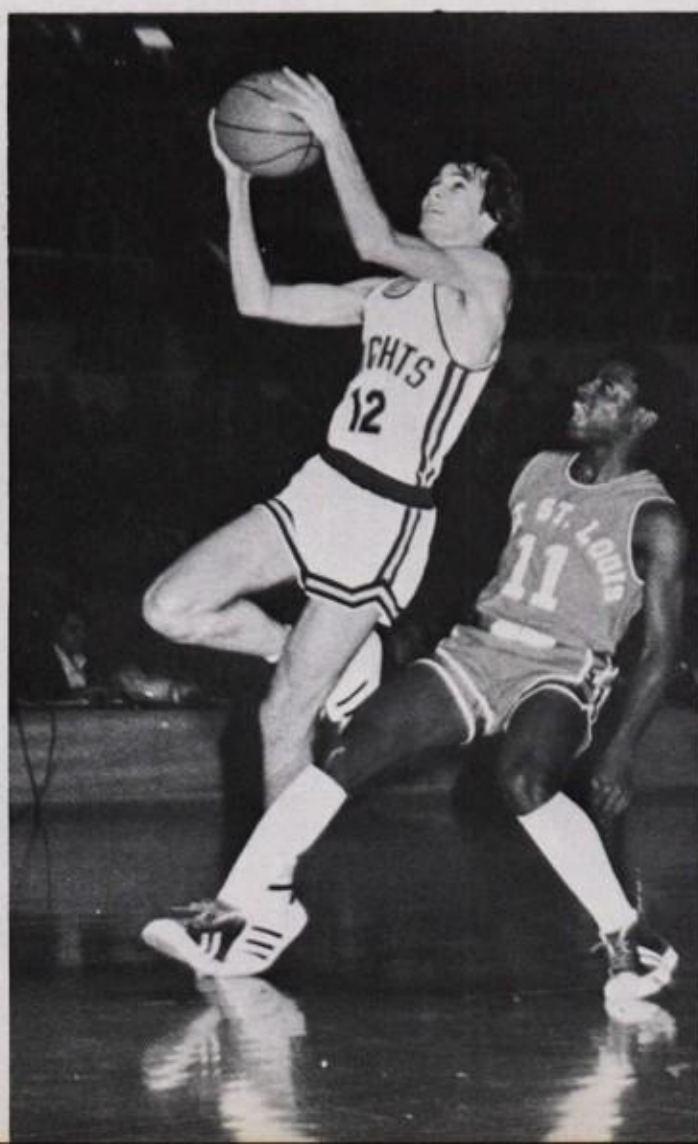

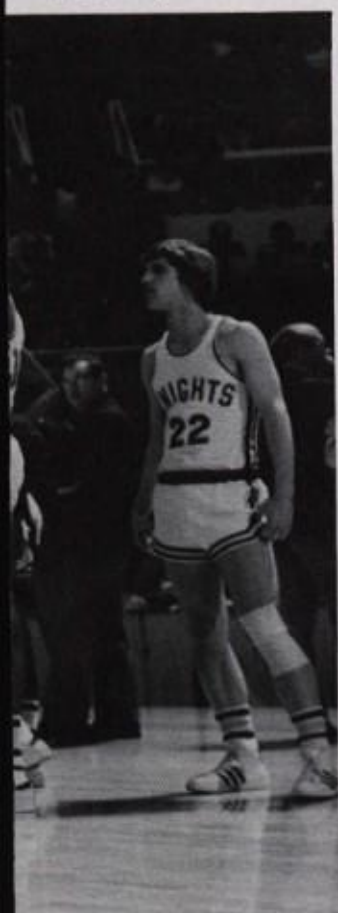

Mark Smith comes up with a shot as a Phillips defender tries to deflect it. Right off the bench, he proved to be a very strong player.

Against the better efforts of his opponent, Derek moves in to score again. The Knights defeated Rockford Auburn 65-52.

Left: Kevin played his best game ever against E. St. Louis on Saturday night. He scored 24 points. Above: Before leaving for State, a spirited pep assembly was held on the lawn outside. Not too many people learned too much that day!

RHS Grapplers

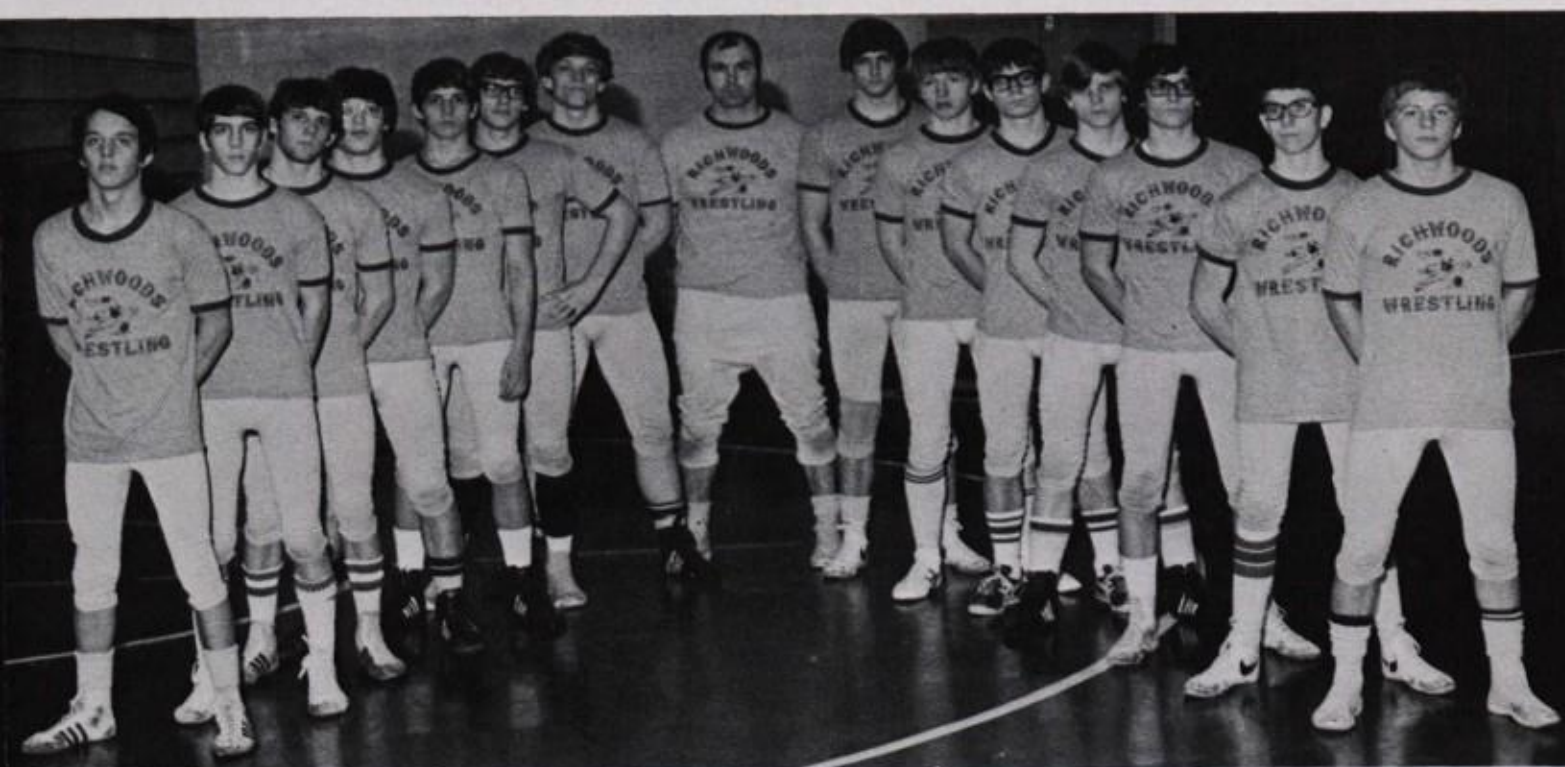

Though the wrestling team didn't get a lot of notice, the guys who were involved put in a lot of effort. Besides practicing every night, they lifted weights before school, and had to work at keeping their weight down.

In December the grapplers travelled to Palatine, where they placed 8th. Both Dennis Lake and Mark Ehni placed first in that tournament, and Ben Newman took a second.

As the season continued, the squad had some winning streaks and some close meets that they lost. Their season record ended at 14-9.

They went on to win the Mid-State Nine Tournament, with Lake and Newman taking first and Ehni and Kaiser got seconds. At District, Lake, Newman and Graves all took firsts. Lake also took first at the sectional. From there, he went on to the state wrestling tournament where he finished twelvth.

Outstanding individual records of the season included Ben Newman (28-6), Dennis Lake (27-4), Bill Kaiser (26-7) and Kent Graves (20-13).

Girl's sports moved into its second successful year at Richwoods. Though the crowds were not always large the number of devoted fans increased.

The tennis team sent three girls to State this fall. All season, the proved their excellence by finishing second in the Mid-State Nine and then the captured the first-place trophy at District. From there, Jan Zumwalt, Darcy Lebau, and Sue Moore advanced to the State competition.

Miss Taylor's volleyball team finished 3-5 in the Mid-State Nine. Having only 4 returning lettermen, their lack of varsity experience hurt. Their overall season record was 5-5.

The RHS swimming tradition was upheld not only by the boys' team but also by GAA Swimming. The team swam at a meet held at Richwoods and their times were recorded and sent in to be compared with others around the state. Their hard work and fast times earned the girls a first in state.

The Richwoods-Central rivalry proved just as great in girl's basketball as it was in any other sport. The Knights took second in the conference after losing a close game to Central early in the season and another later. In the Mid-State Nine Tournament, they were once again defeated by Central and finished second. The season ended with a 12-3 record. Miss Adams coached the team.

A lot of valuable experience was gained by the badminton team coached by Miss Ann Kendall. Consisting mostly of freshmen, the lack of experience became a deciding factor in the outcome of their season. The team ended at

Benner Breaks GPA Record

The 1975 Varsity Track team managed with several outstanding individuals but really lacked the depth to place at big meets. There was a lot of improvement seen in the field events with discus thrower Robin Armburst taking first in the city. On the track, hurdler Jim Benner and 100 yard man Don Wright did exceptionally well. Several times the running events went in their favor, but the lack of super strong field competition dropped them behind many opponents. At the City Track Meet the team was third with Benner breaking his 1974 city record with a win in the 330 low hurdles. They placed third again in the Mid-State-Nine Meet where Steve Patterson took the two-mile. At the District meet, the Knights produced only a few points but sent Jim Benner to State.

Knights Capture Fourth In M-S-9

The 1975 Richwoods Varsity tennis season did not fare as well as in the past few years. Behind stiff competition from Bergen and Central, the Knights finished fourth in the conference. The Knights were very capable but played the last few matches without benefit of sophomore Greg Bell. Leading the netmen was senior captain Jeff Keplar who placed second in singles at District and advanced to the State tournament in Arlington Heights.

BASEBALL.

Varsity Baseball at Richwoods had another one of those seasons. The team had only seven seniors, four of whom were starters. The rest of the team consisted of underclassmen.

Their main difficulty lie in the "attitude of the team," said one player. "The will to win was not as strong as it should have been, especially in the beginning of the season. After awhile, though, it did start to get better." Another factor was that the hitting was not as good as it had been in the past, but the pitching staff greatly improved.

Mathew, Mark, Luke, And Who?

Mathew, Mark, Luke, and Fred? No! How about Mathew, Mark, Luke, and Wilbur? Wrong again!

Questions such as these could be heard at the start of several six-week courses in literary and historical aspects of the BIBLE. This year marked the second full year that the English mini-courses have been in operation. Juniors and Seniors this year have a variety of classes to choose from ranging from BIBLE to Beowulf to Writings of the Jazz Ages, and more including Twentieth Century Fiction, The Re-

search Paper, The Tools of Poetry, and Clear Thinking.

When asked about how the mini-course teachers felt about the change, Mr. Jenkins, chairman of the English department, commented that the teachers felt that the program had its advantages and disadvantages, but if they weren't sure that the advantages outweighed the disadvantages, they would have changed it back to the old way. One of the biggest disadvantages was the enormous amount of paper work the teachers have to

do. RHS students should be proud of how dedicated these teachers are in giving so much of their time so that we can have better and more interesting classes.

If you don't know the correct order of the books of the BIBLE, then maybe you'll have the chance to learn them and many more things in a mini-course this year, but then, maybe not ... as of yet the English department doesn't know whether the mini-course program will return next year.

Practice To Achieve Excellence

Translating and practicing, translating and more practicing. It's a never ending circle for those students in the language department. A lot of memorization of words and their uses was done in order to learn a language. A language is the key to many doors both vocational and social. Many students have taken either French, German, Spanish, or Latin. Several French students took a trip to France in the spring to put their language skills to the big test.

Art On The Move

Each year many students take a course in art. Whether it be crafts, textiles, painting drawing, or ceramics, they enjoy the success of a finished piece of work. In the fall, art enthusiasts took a field trip to Amana Colonies. The May Fine Arts Show displayed the students work to the public.

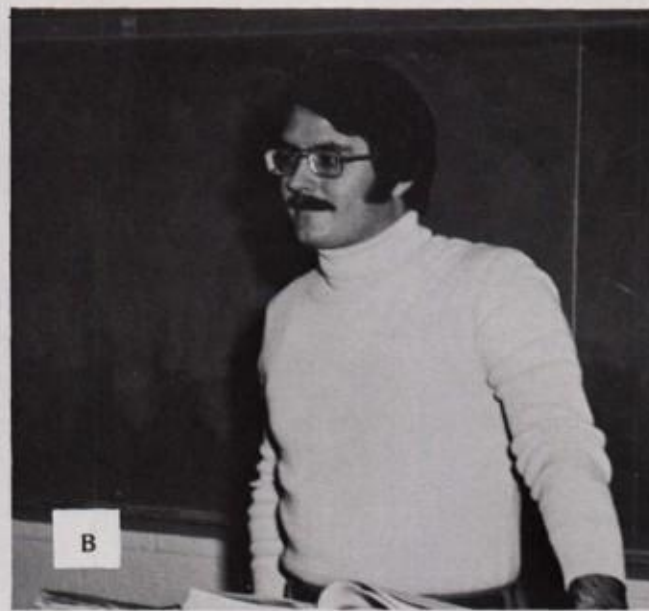

business

Business Education Ever-booming

The business department had many students sitting behind it's typewriters this year. Many students realized the importance of being able to handle things encountered in the business world of today. They therefore took the many business courses offered here at RHS. Some students took personal typing which is of benefit for the college work, others got involved in business typing. Business typing requires more from the student and helps him in the preparation for office work. Other business courses offered are: shorthand, notehand, business law, record keeping, and office occupation. Some of the students worked in the offices of various local agencies for credit as well as pay during the afternoons of school days.

music

Life Is A Smphony

Whether it's a band, orchestra, or one of Richwoods several choirs, many students were involved in music. It meant a break from the academic courses of the day for those students involved. Although music has become a way of life for some students, for others it will stay as a rewarding and fulfilling hobby. Nine students from the department went to ALL-STATE in Arlington Heights in January. Our RHS band played at all home games through out the sports season as well as several concerts given. Outside engagements and concerts filled up the choir schedules. The orchestra made a fine showing at both the Christmas and Fine Arts Concerts.

Math Captures Patient Minds

An increasingly large number of students are becoming more familiar with algebra, geometry, and trigonometry; and a lesser number complain that arithmetic is too boring or complicated. A combination of extra effort on the student's part has made mathematics a more enjoyable and rewarding course at RHS. So be patient and capture math!!

The Old And The New

The Social Studies department this year offered a variety of new courses in addition to the courses offered in previous years. There were the usual courses, History, American Government, Economics, and Ancient Medival History that have almost become a tradition among students at RHS. In these courses the students learned material from the earliest points in History to modern day times. However, this year the department offered some new, half semester, half credit courses. Princes and the Peasants, Ancient Origins of Man were just a few of the new five courses offered. These new courses will hopefully remain at Richwoods for a long time giving the students a new variety of courses.

From Frogs to Lasers?!

Biology classes took on an interesting project in the lab as students carefully and wonderously observed the quite complicated anatomy of the frog. Those planning to become noted figures in Chemistry were given the chance to prove capability of handling the job by experimenting with various acidic and basic compounds (only the "basics" of chemistry) As students took another step on the ladder of science to physics, they were witness to some of the unusual properties of light when it was emitted from a small laser. As long as RHS has its marvelous science department, there shall be everything from frogs to lasers!

Female Invasion

Richwoods Industrial Arts department experienced a first this year as girls were able to enroll in several courses in that department. One of the favorite classes of the girls was Woods. In this class the girls could create items ranging from coffee tables to book shelves. Although girls did have the chance to take the course this year enrollment was low. Next year's enrollment is expected to be much higher as more girls appear to be interested in the class. Traditional classes continued without change including Crafts, Metals, Machine Drawing, and Woods.

Up, around, over, through, down or is it up around, down, through, over or is it . . . Yes, this is one example of the frustrating directions one has to learn when preparing to do any of the many stunts in apparatus. Other classes maybe taught the art of elbow swings or freestyle or even running your legs off in the new girl's track offered this year. The skills learned through the years, some with their ups and downs, proved to keep the students physically fit.

Freshmen of 78 — came alive!

At the beginning of Freshman year, adjusting to all the changes from eighth grade was something else. For example, the most obvious change was size. Other changes were people, passes from class, counselors, announcements and, for some students, switching from class to class. In addition to these, there was one other change, the frequency of PE and the variety of activities in PE.

Dances were nothing really new to us, but date dances and so many after-game dances seemed great. The Freshman Mixer started out slow but near the end everyone started dancing and having a good time, thus making the dance a great success. During homecoming week we all got together and the homeroom representatives tried to organize and plan our decorations and our skit. Great effort produced a well-done skit, and as our contribution to the decorations of the gym, we constructed from wood, aluminum foil etc. a Knight with his heel upon Central's lion.

Throughout Freshman year there were countless times when the freshman came in late for "V-I-C-T-O-R-Y That's the Freshman Battle Cry!" At the first pep assembly a few lone-some freshman cheered for the Battle Cry while the rest of the gym was prepared to roar back at us. Even so, the class of 78 exhibited great spirit by really giving the rest of the classes a tough fight for spirit stick.

Getting involved was another aspect of Freshman year. Since there were so many extracurricular activities, one could hardly sign up for them all. Out of all these activities sports ranked highest, and as Freshman we felt good to be a part of such good sports programs, even if we only cheered the Knights on to victory.

While all of these things were going on, each of us met new friends, but kept a lot of the old ones and changed a great deal. Because one met so many people and formed so many new relationships, Freshman year was very important. Now, It's up to us to see what happens from here. Will we meet new friends or drift away from the old ones? High school is what we want to make of it; come on class of 78 — we can make it a great class and year.

Class of 77: U- Knighted in Spirit

Just think, we as a class and individually can not be teased about being "Frosh" anymore. We have changed in many ways, not just physically or mentally, but through various new experiences of life. Each day we are accepting more responsibilities and becoming more involved with people and Richwoods.

The legendary Sophomore spirit was just as great this year as any other. We won almost everything during homecoming week: spirit stick, homecoming skit and even our decorations won. Hopefully, next year will be even greater than this year.

During the last two years every person in our class has changed. Some happily for the better; sadly enough some have not. Only you know which of your friends have grown closer and which have slowly changed and grown apart. For example, remember the guy who was pretty strange in eighth grade? Well, now, every girl in the sophomore class would love to date him.

Certain memories are unique to our sophomore year: class rings, class officers, and most important and exciting of all drivers licenses. While a few of us had our licenses, generally, we crushed body upon body into the cars of unsuspecting parents and sympathetic upperclassmen. For in spite of everything and on top of it all our sophomore class of "77" is really going somewhere.

JUNIORS

Class of 76 Looks Ahead!

As Juniors this year we have united together through the good and the bad. Our class had some great people devoting their time, interests, and imagination towards our school. It is not the school that they have worked for, but all the things that stand for Richwoods. Most of all the students are the ones who represent Richwoods. This year many Juniors have found new friends and discovered how much old friends can mean to them. School sponsored activities kept us as enthusiastic as we were when we were sophomores.

During homecoming week the traditional Junior vs. Senior girls football game was played. That was an emotion packed day when all the pain and grumbles from practices were forgotten in an all out battle. Although the Seniors managed to win the game, the Junior girls played a really fantastic game.

There is nothing like sharing a bag of popcorn at a basketball game. Popcorn? Where did that come from? To raise for prom, which the Juniors sponsored and which was a super great success, Junior class members volunteered to work every home basketball game in the concession stand.

Now, even though it seems unreal, the class of "76" is finally considered "upperclassmen." We no longer have to feel dumb about walking through the terrazo area, for we are ready to take over the Senior seats on the bench. Turn about is fair play. Next year we will be the ones watching the last "Frosh" hurrying to class. That should be interesting. There are many things we have to look forward to, our Senior year, and reminiscing of past experience.

"To Kara With Love"

I know a smile . . .

After a storm it was her smile that brought the rainbow.

I know a heart . . .

a heart so warm it could melt the winter's snow.

I know a touch,

a hand that would reach into the black night.

and turn the stars a glow

reach out to winter

and make the flowers grow.

Her beautiful ways have left behind

an immortal strength and peaceful white dove.

We give you but prayers and this piece of our mind

these words are for you Kara, with our foreverly love.

— Kristen Brown.

From A Time To Dance

His laughter was better than birds in the morning: his smile

Turned the edge of the wind: his memory

Disarms death and charms the surly grave.

Early he went to bed, too early we

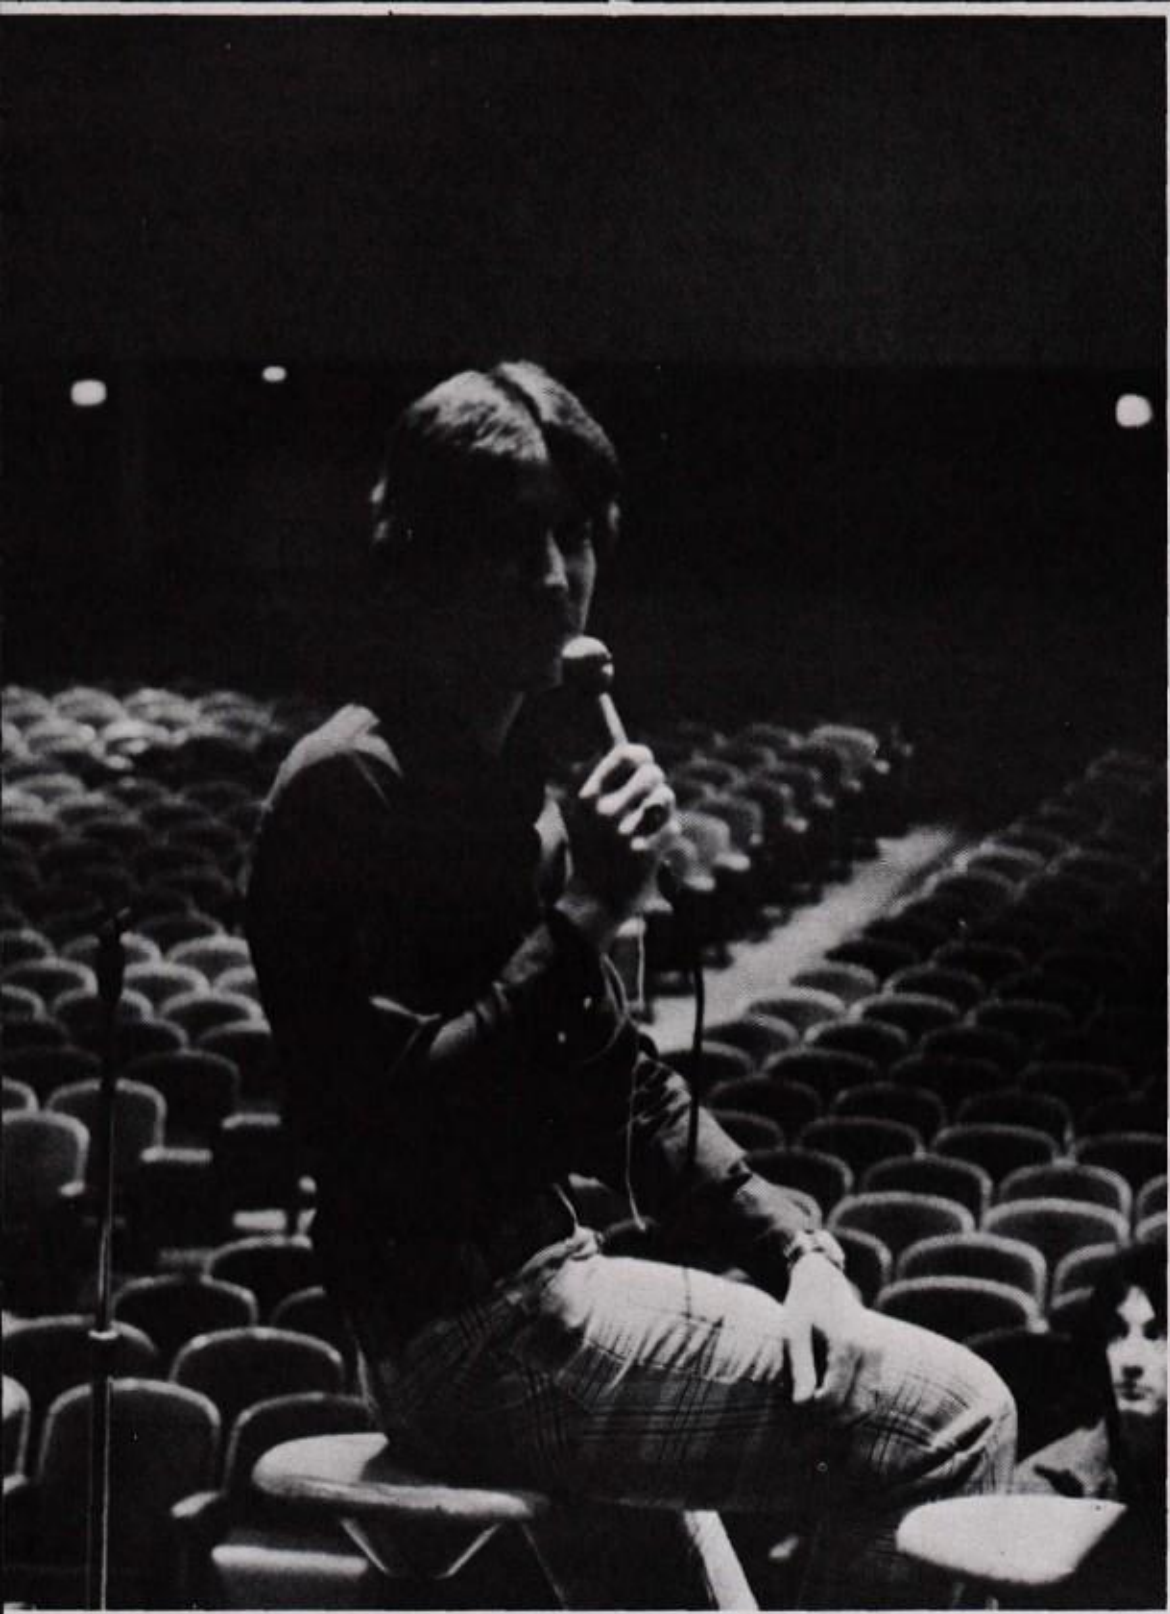

Saw his light put out: yet we could not grieve

More than a little while,

For he lives in the earth around us, laughs from the sky.

— C.D. Lewis.

SENIORS

We're finally here . . . Now what?

After 3 years of waiting,
 Could you believe we were finally here?
 Seniors at last! THE UPPERCLASSMEN!
 It had always seemed so far out of reach,
 Now we were actually grasping it — SUPERIORITY.
 Remember Registration Day? We went first.
 When we got our lockers in the 400 hall, a shocker.
 We all had VERY difficult schedules.
 Our classes included Basket-Weaving 1 and 2,
 and Study Hall 5th, 6th, and 7th hours.
 After the first week of school
 senioritis began to creep into our bones.
 Seniors suddenly had dentist appointments
 and college days every week.
 Colds and the flu spread like wildfire.
 What an epidemic!
 During the summer, we had obviously matured.
 And of course we were ready to prove it.
 In our hearts and our actions,
 we would always be Freshmen.
 With screeching bird calls, water balloon fights,
 and T. P. 'ing -we LED the class of '75.
 But would this last forever?
 From the start, we knew it was time for a change.
 We had to grow up now — or else . . . !
 Well — we're finally here, Now what?

Seniors, Monica Lovell and Kent Graves, bare no morals in expressing their spirit.

First step up: senior pictures

I'll never forget that muggy afternoon THE day I got my Sr. picture taken. With a winter sweater and rollers in my hair, I arrived at Rembrandt's. Man, was I embarrassed walking down Main Street. That left when I stepped into a room with 5 girls just like me and a bunch of guys in suit coats, ties, cut-offs and tennies.

I was then shoved into a room where makeup was slapped on, and my frizzies glued to my head. A few hours later I was moved again (my hair now a flop) where I spent 2 minutes smiling at the camera.

Looking back — my picture turned out fine, it was sure worth waiting for.

Groan, Splat, crunch, rip!
What a game.
Some folks call it a
powder-puff football game —
but listen,
they got it all wrong!
You ask any one girl
who played that afternoon.
We weren't out there
just to win the game —
we were out there to KILL!!
I don't think anybody
actually knew
what they were doing,
especially the ref!
What a handfull!!
We swung each other
around by the hair,
we kicked, scratched,
shoved, pushed and swore!!
What was all this worth??
An undefeated, 2 game —
2 year season,
for the Senior girls!!
A 1ST at RHS!!!

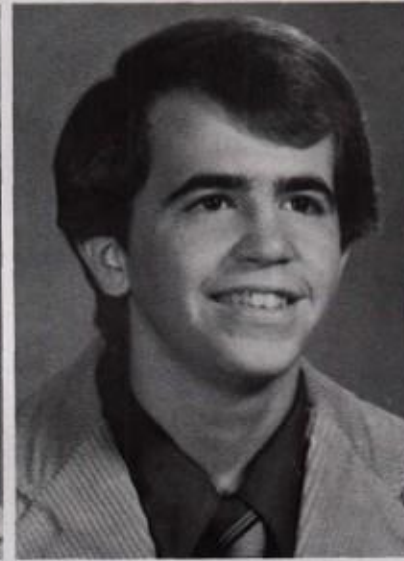

Sr. gals: undefeated!

Laura Ciegler works with a Girl Scout troop at Webster Grade School every Thursday night. She volunteers a lot of her spare time and effort in trying to interest these girls in girl scouting and its benefits.

A little help can be a lot of help

"The troop I work with is a mixture of an awful lot of hard work and a joy in watching girls work towards a common goal. They want to please but sometimes they can be very trying in patience. That's the hardest thing for me to do — keep my patience. My troop is also an all-black troop except for one girl. This can cause problems, but I've never experienced any animosity. I'm just glad I've had the chance to help other girls."

For those who flee . . .

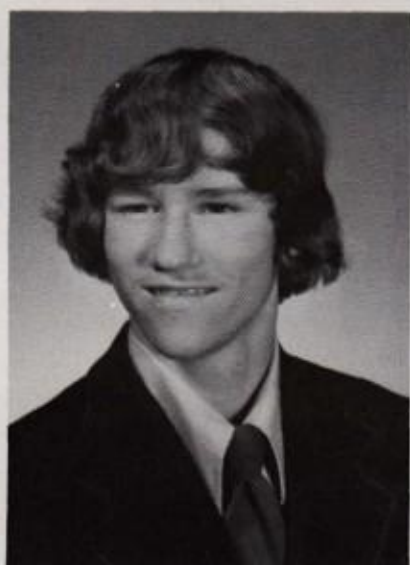

Gary Waible says McDonalds is his kind of place to spend open lunch!

One o'clock strikes, and the mad rush begins.
Finally — one half hour of precious freedom!
It's grab your coat and run to the parking lot.
Now squeeze into that ONE car.
Speed away!
Now let's eat — but there's barely time to chew.
You gotta do the best with the time you got!
Again, it's time to tear off
Is it all worth it???
The chance of getting a speeding ticket . . .
of getting a stomach ache, from eating too fast
of receiving a tardy to sixth hour, ETC . . .
You better believe it!!
Ask the Seniors!

Focus: It takes all kinds.

Jeff O'Neill, unlike most of us, spends the greater part of each day away from RHS. He is involved in a program which combines both school and vocational training.

"I got my drafting job with Custom Engineering Inc. through RHS's Distributive Education Program. Since I'm in Dist. Ed., I'm released from school at 12:30 everyday to go to work. Then I work until 5 o'clock, so I average about 20 hours a week. I help to design and manufacture sheet metal enclosures. It is really an interesting job and I have learned a lot about small business and the manufacturing process."

Filling out a college application, requires total concentration by Doug Billings.

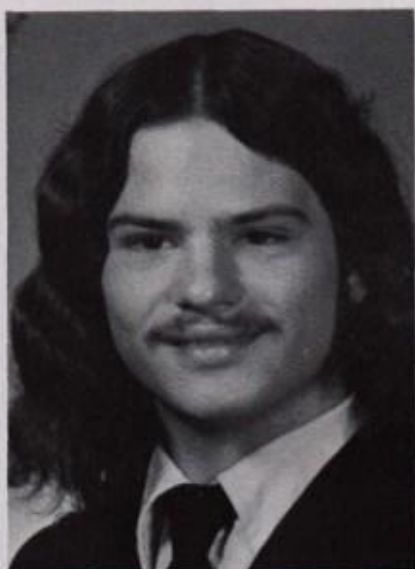

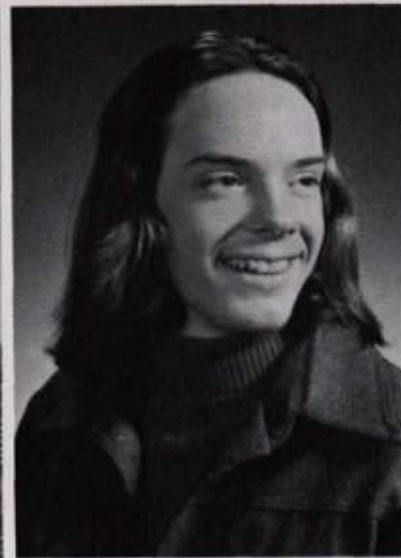

Sue Hubble and Dwight Oliver (below) know that a penny earned is a penny saved, while working for college.

College bound

The drudgery of ACT and SAT
 Drawers, stuffed with college forms,
 ads, and catalogs
 Decisions to be made
 Missing the big Friday night action
 While earning extra cash for college
 Application forms with endless questions
 Financial plans and scholarships
 The thrill of being accepted
 Planning your room
 Buying blankets, towels, bedspreads
 Expectations and hopes
 A new stage, a chance to start all over

Whether in front of a camera, or not
we're all bunch of hams!
It's a laugh, a smile, an expression
in a group, or by ourselves
WE ALL gotta do our own thing.
Whatever you call it ...
creativity, immaturity, irresponsibility
or just plain boredom
It hits at the strangest and most
unexpected times!
At work, at school, at home —
ANYWHERE
we can never suppress that crazy urge
To just mess around!

Make It Better . . . Dress It Up!

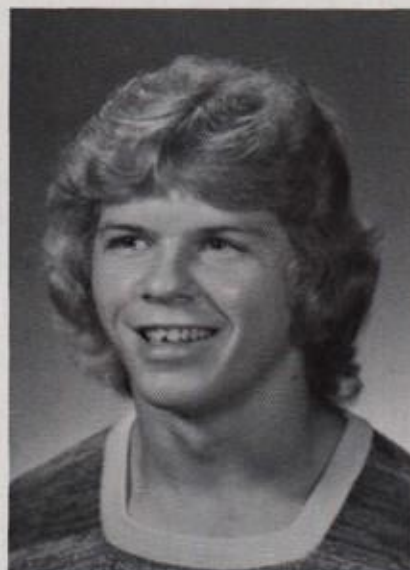

You'd think by the time we were seniors, we'd leave the make-believe to the kids. Not so. We had a great turnout during Spirit Week slicked up as our favorite 50's heroes, the Royalties even performed that way! Topping it all off, our senior beauty kings, modeled during V-Versa festivities.

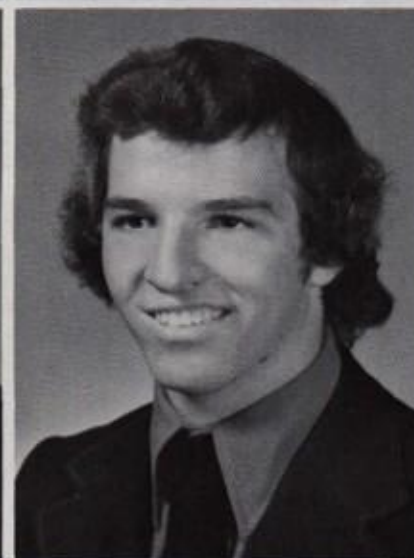

"Hey Kev, What are we doing up here?", asks Kurt Lyon to Kevin Connor, both modeling as Vice Versa King Candidates.

Photography: Art and hobby for Tony Suau

Camera in hand, is the way senior Tony Suau is most often seen in the halls of RHS.

"My interests probably start with photography. Ever since 8th grade, I've enjoyed taking and processing photographs. I try to use photography creatively as an Art, and a hobby. Music is also a major interest of mine. I've been involved with the RHS marching and concert band for four years as a percussionist and have played drums for more than one rock band." Photography is more than just a hobby for Tony; it may become his occupation.

Senior Super Stars

Chris Williams will even bend over backwards for Mrs. Mabree's attention!

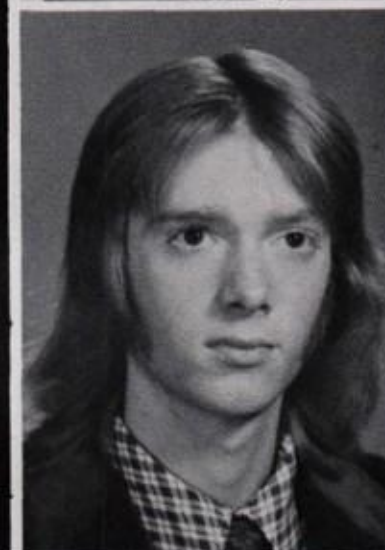

Superstars on the court —
Just another face in the hall
After 4 years of hard work —
It was all REALLY worth
waiting for . . . Remember
Champaign, sitting in row
ZZ Binoculars in one hand,
program in the other —
Focusing in on that guy who
sits in front of you in
homeroom. Who'll forget
"Hollywood", "Saint",
"Spider Wes", and "The
Heartbreak Kid"? It sure
won't be — the Class of '75!

We've finally made
it . . . Now what?

Well, it's over now
 High School-Richwoods
 We're at the end of the line
 and we gotta make room for
 the next ones lining up — Yep, Folks
 It's been a long time comin
 and it'll be a long time gone
 so . . . Now what?
 Our whole lives are just ahead
 With 4 years of growing up behind us
 almost all our plans are NOW
 completely final —
 We've finally made it . . . Now what?
 A question which can't be answered but
 we hope you will solve it for yourselves.
 WE'VE FINALLY MADE IT HERE
 NOW WHAT?
 It's Up To You

Recipients of the Steve Register Award were Chip Pitcher and Marjorie Williams. Margie and Chip were chosen for their good citizenship and service to the school.

Senior Class President Rod Hasler presents the class gift to Mr. Baietto. It was a mirrored ball for use at dances and money towards the new basketball scoreboard.

Frank Webber jubilantly waves his long-awaited diploma.

graduation

GRADUATION: it was the grand finale of four years. The last hectic school days had been so consistently counted down on Mr. Korgie's calendar of senior events. Remember how late the "Exterior Decorating Committees" worked before the last day of school? Then a bell rang and we kicked our way through paper filled halls for the last time. Baccalaureate prayers were given by Ann Lichtenberger and Rick Plattner. Speakers for graduation were honor students Sheryl Cohen and Glenn Mayhew; the class gift was presented by Class President Rod Hasler.

Sheryl Cohen, Class Speaker, stressed the importance of being aware and involved.

At Left, Laura Alberti was one of the first seniors to receive her diploma. It was quite an experience; hearing your name read off followed by a brisk handshake from Mr. Baietto. On the long walk back to your seat, it began to dawn on you that you held your high school diploma in your hand. Maybe you wondered if you were ready; or maybe you were just glad to be out!

Class Speaker Glenn Mayhew.

WE NEED YOU TO HELP IN THE ENERGY CRISIS

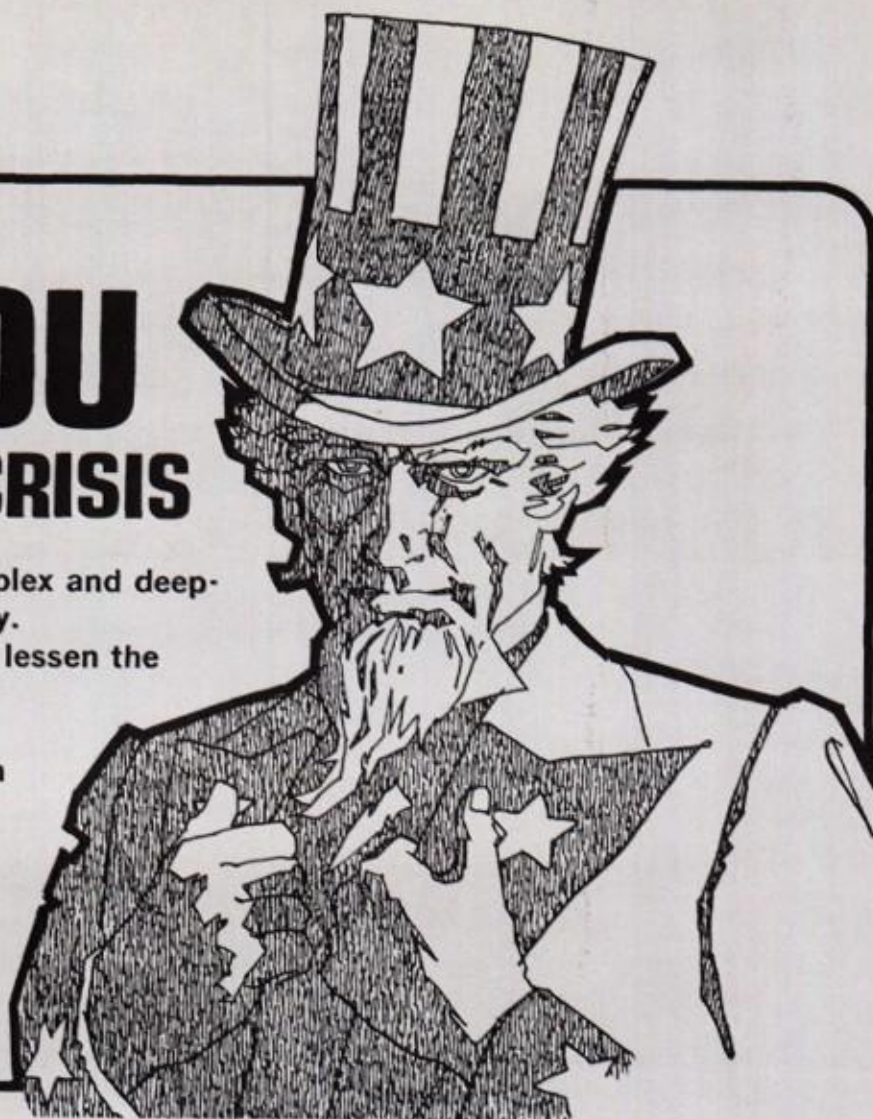

The energy problems we are facing today are complex and deep-seated. They aren't going to be solved quickly or easily. But all of us, working together, can do a great deal to lessen the impact of our nation's energy shortages.

The most important effort right now is to begin managing the use of available energy more wisely than we have ever done before.

Walk instead of ride . . . Turn out unnecessary lights. Do everything possible to conserve. There are hundreds of ways you can help.

THANK YOU

THE ADVERTISING STAFF OF THE EXCALIBUR WOULD SINCERELY LIKE TO THANK ALL OF THOSE WHO HAVE SO GENEROUSLY ADVERTISED WITH US THIS YEAR.

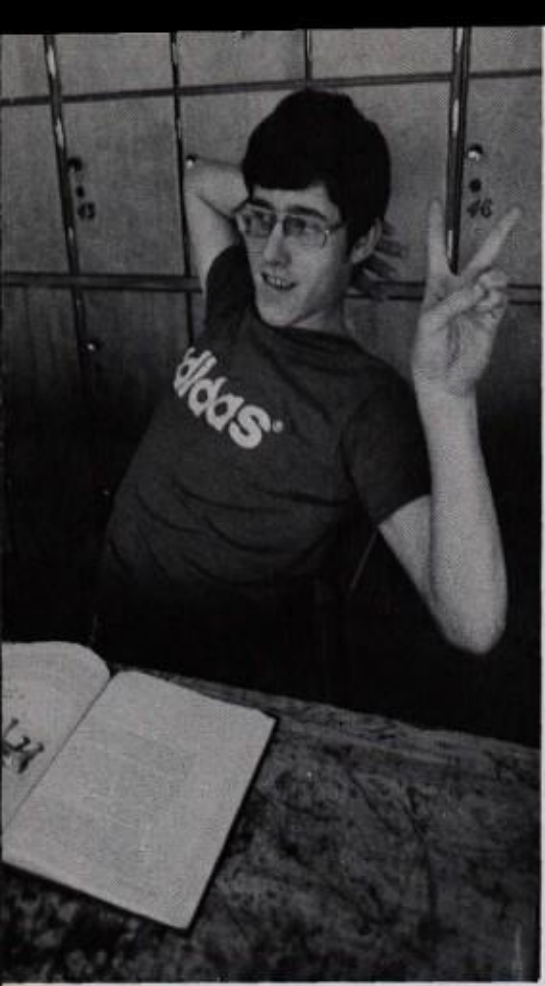

**we do
do it !**

Makin' it happen

It didn't take very long to find out how much and how little we knew about year-books. After spending two weeks at two different workshops, we thought we were ready. But after spending five hours going over the first deadline, we wondered how we would make it through the next four. Trying to do artwork with bladeless Exacto knives, green passes for the afternoon and nonchalantly walking out at 3:15 characterized a normal "working" day. We became notorious for shanghai-ing innocent Pub visitors into delicate typing jobs. We also found ourselves becoming experts on every sport, but still never knew what to ask the jocks we talked to. And what's a yearbook without pictures? We often wondered about that but thanks to Rembrandt's, Tony George, Tom, Doug, Rob and especially Vic, we had a great choice of pictures. Our section editors were great; they really lived up to our expectations . . . and did we expect a lot! You too, Hooter! Like any staff, we had our problems: sections that never materialized, but we do want to thank those who did sell ads. We feel really fortunate that we never had to stay up all night, or "call in sick" from school to finish a deadline. It was never until we finished the book that we realized how lucky we were to be able to say what we thought. (but your Honor! . . .) Seriously though, it's been fun. We really tried to create a book that would capture 1975 as it was to everybody.

"HELEN"
 &
 Kings !!
